17:45 Optimal Management for Grade IV haemorrhoids

18:00 CHALLENGING CASES

Chairs: Bob Baigrie, Iain Anderson, with Lai Mun Wang and Sabine Schmidt

19:30 END OF SESSION

20:00 ACM PARTY

Tuesday 28.03.22

08:00 CANCER
Chairs:

08:00 ViDEO : Key steps for a succesfull delayed colo-anal anastomosis
08:15 Current controversies in the treatment of peritoneal malignancy
08:30 Management of primary and secondary malignant small bowel obstructions
08:45 Cancer in IBD : an update and challeging current guidelines
09:00 RAPIDO, still a viable option in the era of TNT ?
09:15 Best practice in the treatment of liver metastases from colorectal cancer
09:30 AI in surgery

09:45 HIGH ALTITUDE PhD.VIVA
Chairs:

09:50 Phd project 1
10:10 Phd project 2
10:30 Phd project 3

11:00 END OF SESSION

16:00 COFFEE, TEA

16:30 CHALLENGING CASES
Chairs: Bob Baigrie, Iain Anderson, with Lai Mun Wang and Sabine Schmidt

17:45 THE BIG DEBATE
Introduced by Justin Davies
This House believes that neuroenhancement in surgeons is our future, so let's embrace it!
For the motion
Against the motion

19:00 SNOW and ROCK LECTURE
Chair: Dieter Hahnloser

19:30 FAREWELL DRINKS RECEPTION
