

Evolving together: from genomics to biological interactions

24 – 27 April 2026 | Taipei, Taiwan

ORGANIZERS AND CO-ORGANIZERS

Isheng Jason Tsai
Academia Sinica, TW

Michael McDonald
Monash University, AU

Hsiao-Han Chang
National Tsing Hua University, TW

Chuan Ku
Academia Sinica, TW

Cheng-Ruei Lee
National Taiwan University, TW

Yi-Hsien Su
Academia Sinica, TW

Jun-Yi Leu
Academia Sinica, TW

Abstract submission

20 January 2026

Registration

28 February 2026

SPEAKERS

Aileen Berasategui
The Sainsbury Laboratory, GB

Asano Ishikawa
University of Tokyo, JP

Aude Bernheim
Institut Pasteur, Paris, FR

Britt Koskella
University of California, US

Cheng-Ruei Lee
National Taiwan University, TW

Deepa Agashe
National Centre for Biological Sciences, IN

Frederik Schulz
DOE Joint Genome Institute & Lawrence
Berkeley National Laboratory, US

Gianni Liti
Université Côte d'Azur, FR

Gregory J. Velicer
ETH Zürich, CH

Isheng Jason Tsai
Academia Sinica, TW

Kenji Fukushima
National Institute of Genetics, JP

Ko-Hsuan Chen
Academia Sinica, TW

Laura A. Katz
Smith College, US

Michael McDonald
Monash University, AU

Michelle M. Leger
Okinawa Institute of Science and
Technology, JP

Rafal M. Gutaker
Royal Botanic Gardens, Kew, GB

Stephen R. Doyle
Wellcome Sanger Institute, GB

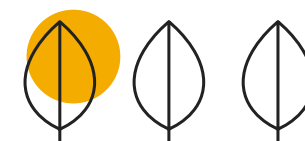

Wenbo Ma
The Sainsbury Laboratory, GB

Yen-Ping Hsueh
Max Planck Institute for Biology Tübingen,
DE

Yi-Jyun Luo
Academia Sinica, TW

Yu-Ying Phoebe Hsieh
Academia Sinica, TW
