

**Kent State University College of Podiatric Medicine  
Cleveland Clinic Foundation  
2021 Southeast National Conference  
November 18 – November 21  
Swan and Dolphin Hotel  
Orlando, Florida**

**CECH Conference Breakdown:**

**All Attendees:** (27) Category 1 CECH

**Florida Licensed Attendees:** (28) Category 1 CECH

Florida License Requirements: (1) Compliant HIV Update ; (2) Medical Errors ; (1) Risk Management Requirement ; (1) Florida State Rules and Regulations

\*Opioid, Domestic Violence and Human Trafficking courses are not provided with this conference as DPM's are required to complete the courses online or via a pre-determined CME provider. Information on how to obtain the required credits can be found on the State Podiatry Board website.

**Kent State University College of Podiatric Medicine is approved by the Council on Podiatric Medical Education as a provider of continuing education in podiatric medicine. Kent State University College of Podiatric Medicine has approved this activity for a maximum of 27 continuing education contact hours**

---

**Thursday November 18, 2021**

AM Sign in: 4.5 Category 1 CECH

PM Sign in: 3.5 Category 1 CECH

Second PM SIGN IN: Risk Management Lecture (either 1 or 2)

**Total day: 9.0 Category 1 CECH**

**Surgery Day**

**Low Arch- High Arch- What makes sense?**

7:00-7:20 Stage II Flat Foot evaluation and decision making

7:20-7:40 Stage II flatfoot - when to salvage and when to fuse

7:40-8:00 The pesky Deltoid

8:00-8:20 Pediatric Flatfoot

8:20-8:40 The Subtle Cavus - Reeves

8:40-9:00 Common Sense approach to the Cavus foot - Reeves

9:00-9:30 Discussion and Q&A

**9:30 – 10:00 BREAK**

**Forefoot Dilemma**

10:00-10:20 MIS approach to HAV

10:20-10:40 Controlling the 1st TMT - Reeves

10:40-11:00 Role of the first MPJ Fusion

11:00-11:30 Plantar Plate - Can I learn to love it?

**11:30-11:45 Discussion and Q&A**

**11:45 -1:00 LUNCH**

**High Lights, Low Lights, and Fail**

1:00-1:45 Panel

1:45-2:30 Case Discussions

2:30-3:00 Good Cases, Complications

**3:00 -3:30 BREAK**

**Sporty Trauma**

3:30-3:45 Achilles Tendon

3:45-4:00 Jones Fractures (or make it 5th met fractures in general)

4:00-4:15 Lis franc

4:15-4:30 Ankle Fractures and the Deltoid - Hardy

4:30-4:45 Syndesmosis injuries

4:45-5:00 Discussion and Q&A

**5:00 -6:00 – PICA Risk Management Lecture**

**Friday November 19, 2021**

AM Sign in: 4.0 Category 1 CECH

PM Sign in: 4.5 Category 1 CECH

**Total day: 8.5 Category 1 CECH**

**Keynote Speaker – Terry Treadwell, MD Venous**

7:30 – 8:00 Edema

Terry Treadwell, MD

8:00 – 8:30 Venous compression

Terry Treadwell, MD

8:30– 8:45 Q & A

Terry Treadwell, MD

**Limb Salvage – Cleveland Clinic**

|                     |                                                                                        |                              |
|---------------------|----------------------------------------------------------------------------------------|------------------------------|
| 8:45 – 9:05         | ABC's of PAD treatment–What's in my Toolbox                                            | Mohammed Abbassi, MD         |
| 9:05 – 9:30         | DCB to Atherectomy in 2021                                                             | Manuel Perez, MD             |
| <b>9:30 – 10:00</b> | <b>BREAK WITH EXHIBITORS</b>                                                           |                              |
| 10:00 – 10:50       | Tips and Tricks: How I Heal my Worst Wounds                                            | Jacalyn Brace,Phd,CnP,WOCN   |
| 10:50 – 11:10       | Vascular Lab Pearls                                                                    | Samir Shah, MD               |
| 11:10 – 11:30       | Novel Therapy in PAD: Laser Atherectomy and Lithotripsy                                | Joe Campbell, MD             |
| 11:30 - 11:50       | Interesting Cases in Vascular Surgery 2019                                             | Manuel Perez, MD             |
| 11:50- 12:00        | Q & A                                                                                  |                              |
| <b>12:00 – 1:15</b> | <b>LUNCH</b>                                                                           |                              |
| 1:15-1:35           | The Future of CLI therapy – Deep Venous Arterialization in the “No Option” CLI Patient | Lee Kirksey, MD              |
| 1:35-1:55           | Is There a role for the Arterial Bypass in 2019?                                       | Cassius Chaar, MD            |
| 1:55-2:15           | Cardiac Risk Stratification – Is It Necessary: Salvaging the Amputated Limb?           | Joe Campbell, MD             |
| 2:15-2:35           | The Science of Augmented Wound Healing                                                 | Scheffer C.G. Tseng, MD, PhD |
| 2:35-3:00           | Patient Centered Decision Making in “Limb Salvage” - The Role of Amputation            | Samir Shah, MD               |
| <b>3:00 – 3:30</b>  | <b>BREAK WITH EXHIBITORS</b>                                                           |                              |
| 3:30 – 4:10         | Advanced Use of Negative Pressure Wound Therapy                                        | Lee Kirksey, MD              |
| 4:10- 4:40          | Diabetic Foot Offloading                                                               | Windy Cole, DPM              |
| 4:40- 5:10          | Advances in Chronic Wound Biofilms                                                     | James McGuire, DPM           |

|            |                                            |                    |
|------------|--------------------------------------------|--------------------|
| 5:10- 5:40 | The use of topical Oxygen in Wound Healing | Windy Cole, DPM    |
| 5:40-6:10  | Nutrition for wound healing                | James McGuire, DPM |

---

### **Saturday November 20, 2021**

#### **All Attendees:**

|                   |                   |                            |
|-------------------|-------------------|----------------------------|
| AM Sign in:       | (7-9:30 am)       | 2.5 Category 1 CECH        |
| PM Sign in:       | (9:45 – 11:45 pm) | 2.0 Category 1 CECH        |
| <b>Total day:</b> |                   | <b>4.5 Category 1 CECH</b> |

#### **Florida Licensed Attendees:**

|                   |                   |                                                                       |
|-------------------|-------------------|-----------------------------------------------------------------------|
| AM Sign in:       | (7-9:30 am)       | 2.5 Category 1 CECH - <b>Medical Errors: (2) included in total</b>    |
| PM Sign in:       | (9:45 – 11:45 pm) | 2.0 Category 1 CECH- <b>HIV Update (1) Hour included in total</b>     |
| PM(2) Sign in:    | (12 – 1pm)        | 1.0 Category 1 CECH - <b>Florida State Rules and Regulations: (1)</b> |
| <b>Total Day:</b> |                   | <b>5.5 Category 1 CECH</b>                                            |

\*Total Day (5.5) CECH Includes the following Florida License Requirements

**\*(1) HIV Update ; (2) Medical Errors ; (1) Florida State Rules and Regulations**

### **Medical Errors - Diagnosing & Treating Infection**

|                                                             |                                                                                                                     |                         |
|-------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------|-------------------------|
| 7:00 – 7:30                                                 | Reading radiographs correctly with underlying MSK infection; acute & and chronic                                    | Larry Osher, DPM        |
| 7:30 – 8:00                                                 | Predicting the “Bug”: Pathogens & empirical therapy for foot infections                                             | David Aronoff, MD       |
| 8:00 – 8:20                                                 | New technologies in culturing organisms                                                                             |                         |
| 8:20 – 8:40                                                 | 2020 Update - Medical management of osteomyelitis                                                                   | David Aronoff, MD       |
| 8:40 – 9:00                                                 | Cutting out the “Bug”: Surgical Management of osteomyelitis                                                         | Joe Davis, DPM          |
| 9:00 – 9:30                                                 | “Impregnate that Bug”: The latest in biologic implants                                                              | Joe Davis, DPM          |
| <b>9:30 -9:45</b>                                           | <b>BREAK</b>                                                                                                        |                         |
| 9:45 – 10:45                                                | Update: HIV, AIDS and Hepatitis                                                                                     | David Aronoff, MD       |
| 10:45- 11:15                                                | Dressing Selection for Wound Care                                                                                   | James McGuire, DPM      |
| 11:15- 11:45                                                | Image that wound                                                                                                    | Windy Cole, DPM         |
| (Improving Debridement through use of Fluorescence Imaging) |                                                                                                                     |                         |
| <b>11:45 – 12pm</b>                                         | <b>Non-Florida Licensed DPMs Conclude<br/>Florida Licensed DPM Break and Sign-in For Florida Legislative Update</b> |                         |
| 12:00 – 1:00                                                | Florida legislative update                                                                                          | Norris Cunningham, Esq. |
