

The Radiation Oncology Summit: ACRO 2019

Rising to New Heights

SCIENTIFIC PROGRAM

(as of 11-12-18)

Wednesday, March 6

2-5pm

Updates & Dilemmas in Billing & Coding

Ronald DiGiaimo - Revenue Cycle Inc., Austin, TX

Thursday, March 7

7:30-8:15am

Breakfast with the President of the AMA

Barbara McAneny, MD – President, American Medical Association, Chicago, IL
(Not CME Eligible)

Hosted by 21st Century Oncology

8:15-8:30am

Presidential Welcome & Meeting Overview

Eduardo Fernandez, MD, PhD, FACRO, President
Jason Efstathiou, MD, DPhil, & Steven Finkelstein, MD,
FACRO, Scientific Program Committee Co-Chairs

8:30-10am

Ablative Radiotherapy for Liver and Pancreas Cancers: Why, When, and How

Moderator: Michael Chuong

Ablative Radiation for Locally Advanced Pancreatic Cancer Using (Cone Beam) CT

Christopher Crane – Memorial Sloan Kettering Cancer Center, New York, NY

Parag Parikh – Henry Ford Health System, Detroit, MI

10:45am-12pm

Contouring Symposium

Erin Gillespie – Memorial Sloan Kettering Cancer Center, New York, NY

Matthew Harkenrider – Loyola University, Maywood, IL

Jeff Michalski – Washington University, St. Louis, MO

1:15-2:45pm

Improving the Paradigms in Lung Cancer

Moderators: Steven Feigenberg, Isabelle Choi

Development of a Community-Based Pulmonary Nodule Clinic

Brian Lally – University of Pennsylvania, Philadelphia, PA

Advanced Technologies in Locally Advanced Non-Small Cell Lung Cancer: IGRT, IMRT, and Proton Therapy

Charles Simone – University of Maryland, Baltimore, MD

Small Cell Lung Cancer: Past, Present, Future

Benjamin Movsas – Henry Ford Cancer Institute, Detroit, MI

3:30-5pm

PCI: To Radiate or Not to Radiate

Moderators: Stephanie Weiss, Lawrence Kleinberg

Evidence For and Against PCI

Chad Rusthoven – University of Colorado, Aurora, CO

Hippocampal Sparing in Small Cell Lung Cancer

Vinai Gondi – Northwestern Medicine Cancer Center, Warrenville, IL

Toxicity of PCI

David Grosshans – MD Anderson Cancer Center, Houston TX

5-6pm

Oral Papers Session 1

Friday, March 8

8-9:30am

Exploring the Changing Landscape for High-Risk and Advanced Prostate Cancer

Moderators: Jason Efstathiou, Steven Finkelstein

Update on Radiotherapy in High-Risk Prostate Cancer: Staging, Dose, Volume, and Androgen Deprivation

Daniel Hamstra – University of Michigan, Ann Arbor, MI

Introduction of Technology in Cooperative Group Trials: Prostate Cancer as a Paradigm

Jeff Michalski – Washington University School of Medicine, St. Louis, MO

Role of Radiotherapy in OligoMetastatic Prostate Cancer: Current State & Future Directions

Neha Vapiwala – University of Pennsylvania, Philadelphia, PA

10:15-11:45am

Evolving Paradigms in Treating Breast Cancer with Radiotherapy

Moderators: Tarita Thomas, Julia White

Management of the Axilla in the Modern Era

Jonathan Strauss - Northwestern Medicine, Chicago, IL

Hypofractionated Post-Mastectomy Radiation

Bruce Haffty - Rutgers Cancer Institute, New Brunswick, NJ

Altered Fractionation in Early Stage Breast Cancer

Asal Rahimi – University of Texas Southwestern, Dallas, TX

- 1:15-1:45pm **The Life and Legacy of Dr. Luther Brady**
- 3-5pm **The Business & Economics of Radiation Oncology Practice**

Saturday, March 9

- 9-10:15am **Challenging Topics in Head and Neck Cancer**
Moderator: Brandi Page
Postop Oral Cavity Cases
Robert Amdur – University of Florida, Gainesville, FL
Managing Toxicity in Head and Neck Cancer Patients
Brandi Page – Johns Hopkins Medicine, Bethesda, MD
- 10:45am-12pm **Curing Endometrial Cancer, One Gray at a Time**
Moderator: Parul Barry
Adjuvant Radiotherapy for Early Stage Endometrial Cancer: Beyond the Risk Groups
Matthew Harkenrider – Loyola University, Maywood, IL
Adjuvant Treatment in Endometrial Cancer: Clarity or Confusion?
Marcus Randall – University of Kentucky, Lexington, KY
Challenging Cases in Endometrial Cancer
Catheryn Yashar – University of California San Diego, La Jolla, CA
- 1:30-2:45pm **Lymphoma in Adults, Adolescents and Children**
Moderators: Parul Barry, Shannon MacDonald
Lymphoma Hi-Lo: Playing Your Cards Right with Radiation Dose
Karen Winkfield – Wake Forest University, Winston-Salem, NC
How Management of Pediatric Hodgkin's Lymphoma Differs from Adults
Shannon MacDonald – MGH/Harvard University, Boston, MA
- 3-4:15pm **Sarcoma in Adults, Adolescents and Children**
Moderators: Parul Barry, Shannon MacDonald
Radiotherapy for Pediatric and Adult Sarcoma: The past and future
Bree Eaton – Emory University, Atlanta, GA
Treatment Planning Techniques for Challenging Sarcoma Cases
Shannon MacDonald – MGH/Harvard University, Boston, MA
- 4:15-5:30pm **Oral Papers Session 2**
- 5:30pm **ACRO 2019 Adjourns**
