

UCDAVIS HEALTH

2019

Regional Anesthesia and Point-of-Care Ultrasound (POCUS) Workshop

CME a Maximum of 8 *AMA PRA Category 1 Credits (TM)*

August 24, 2019

Embassy Suites, Sacramento, CA

Sponsored by:
Office of Continuing Medical Education
Department of Anesthesiology and Pain Medicine

PROGRAM

Saturday, August 24, 2019
Embassy Suites by Hilton
Lectures and Live Model Demonstration

7:00 am-8:00 am

Registration, Continental Breakfast and
Visit Exhibits

Procedure-Specific USRA

8:00 am-9:45 am

Station IA AV Fistula Placement

- Supraclavicular Block

Station iB Total Shoulder Arthroplasty

- Interscalene Block

Station IIA Total Knee Arthroplasty

- Femoral Nerve Block and Ad-
ductor Canal Block, IPACK
Block, IPACK Block

Station IIB Total Hip Arthroplasty

- Fascia Iliaca and Quadratus
Lumborum Block

9:45am-10:15 am

Coffee Break and Visit Exhibits

10:15 am-12:00 pm

Station IIIA Thoracotomy/Rib Fractures

- Erector Spinae Blocks and Para-
vertebral Block

Station IIIB Abdominal Incision (Renal Trans-
plant)

- Truncal Blocks

Station IVA Lower Extremity Amputation

- Sciatic Nerve Block

Station IVB Foot Surgery (Achilles Tendon
Repair)

- Popliteal Block

12:00 pm-1:00 pm

Lunch and Visit Exhibits

POCUS

1:00 pm-3:00 pm

Cardiac Exam (FATE Exam)
Lung Exam

3:00 pm-3:30 pm

Coffee Break and Visit Exhibits

3:30 pm-4:45 pm

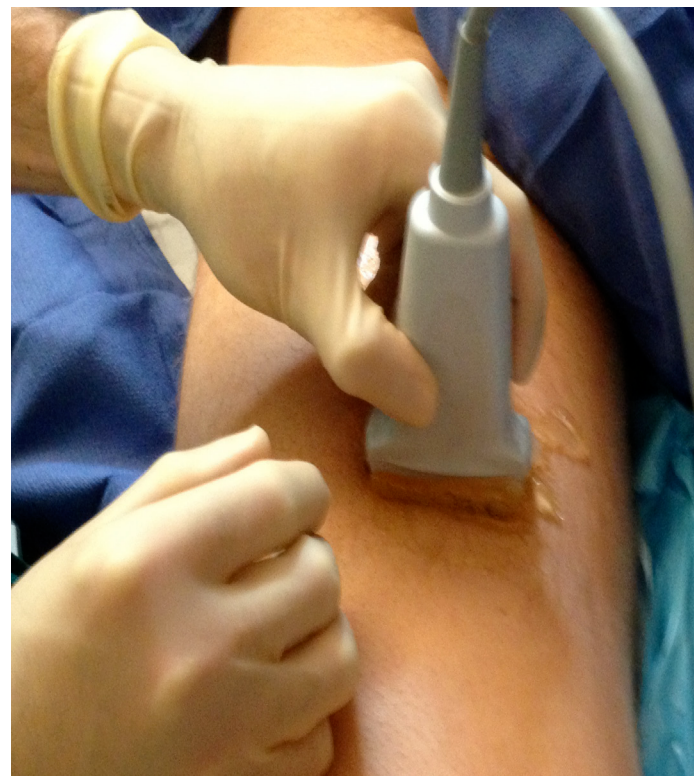

Gastric, Airway and IVC Exams

4:45 pm-5:00 pm

Q & A: Ask the Experts

5:00 pm

Adjourn

NEEDS ASSESSMENT

The role of the anesthesiologist is to provide the patient with excellent perioperative pain control using multimodal pain management techniques. One of the most important techniques the physician needs to perfect is performance of peripheral nerve blocks utilizing ultrasound guidance. The purpose of this course is to provide the physician with a comprehensive update on the latest developments in point-of-care ultrasound. This will be accomplished through practice on live models. Emphasis will be placed on scanning technique and image interpretation.

In addition, the course will cover the use of ultrasound at the bedside to assess airway, lung, cardiac and gastric pathology.

This one day course will provide physicians with evidence-based methods and strategies to assist them in providing better treatment options for their patients. Faculty presenting and interacting with participants at this activity have been selected on the basis of their comprehensive clinical experience and academic excellence.

TARGET AUDIENCE

The course is designed for anesthesiologists and pain medicine physicians involved with the perioperative care of surgical patients.

PHOTO AND VIDEO CONSENT

Your registration authorizes the UC Davis Health Department of Anesthesiology and Pain Medicine to use and publish any images in any format taken during the course. These images may be used for a variety of purposes and may appear on the departmental website and promotional materials. Please speak to someone at the registration table if you take exception.

**ASA/ASRA ULTRASOUND-GUIDED
REGIONAL ANESTHESIA (UGRA)
PORTFOLIO**

This course has been approved and the session(s) listed are eligible for submissions as part of the ASA/ASRA UGRA Portfolio.

LOCATION

Embassy Suites by Hilton

100 Capitol Mall Drive
Sacramento, CA 95814
Telephone: 916-326-5000
<https://embassysuites3.hilton.com>

The newly renovated Embassy Suites Sacramento - Riverfront Promenade hotel is located on the Sacramento River across from historic Old Town Sacramento. This full-service upscale all-suite hotel is just minutes from the California State Capitol, ARCO Arena, Sacramento International Airport and the Cal Expo - California Exposition and State Fair. Guests of Embassy Suites Sacramento stay in spacious two-room suites and enjoy many hotel amenities, services and facilities in addition to our complimentary cooked-to-order breakfast and complimentary nightly manager's reception.

On-site valet parking is available for \$8/hour up to a maximum of \$32/day. The Tower Bridge Garage (Front Street and Capitol Mall) is available for \$3/hour up to \$15/day. Additional parking can be found at Lot X (2nd and N Street).

If you have any special needs due to a disability as specified in the Americans with Disabilities Act, please call the Department of Anesthesiology and Pain Medicine at (916) 734-5359 so we may make the necessary accommodations for you.

ACCREDITATION

The University of California, Davis, Health is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

Physician Credit: The University of California, Davis, Health designates this live activity for a maximum of **8 AMA PRA Category 1 Credits™**. Physicians should only claim credit commensurate with the extent of their participation in the activity.

ENROLLMENT

Registration for the one day course is limited to 20 registrants and is filled on a first-come, first served basis. This course will fill up quickly so register early! Early enrollment tuition is \$650. Confirmation of registration will be sent within two weeks after receipt of enrollment form.

Tuition includes continental breakfasts, refreshment breaks, lunch, and a certificate of attendance. Duplicate certificates are \$15. Tuition may be paid by check, American Express, Discover, MasterCard or VISA. Cash is not accepted. Program materials cannot be guaranteed unless enrollment is received by July 19, 2019. The Department of Anesthesiology and Pain Medicine reserves the right to cancel this program. In such a case, a full refund will be given.

Registration forms received without payment will not be processed until payment is received, and payment must follow within 10 days. Early discount rates are honored if payment is received by the date noted on the enrollment form. After that date, the late fee is applied.

CANCELLATIONS AND REFUNDS

A refund of tuition, less \$75 administrative fee, will be allowed if requested in writing by July 26, 2019. No refunds will be provided after this date.

EDUCATIONAL OBJECTIVES

At the end of the program, participants should be able to demonstrate the ability to successfully perform:

- Ultrasound-guided peripheral nerve blocks above the clavicle.
- Ultrasound-guided femoral nerve block.
- Ultrasound-guided peripheral nerve blocks below the clavicle, pectoralis block and adductor canal block, and IPACK.
- Ultrasound-guided fascia Iliaca block, Ilioinguinal/Iliohypogastric block, lateral TAP block erector spinae and paravertebral block.
- Ultrasound-guided gastric, airway, IVC and lung exams.
