

SCARS 2026

The 6th SCAR
Treatment
Conference

JANUARY
16 – 18
2026

MILAN
I T A L Y

THE INTERNATIONAL CONGRESS ABOUT **SCAR & WOUND TREATMENTS**

Laser Therapy • Regenerative Medicine • Injectables
Micro-Needling • Non-Invasive Scar Management
Wound Healing and many more Topics

 WWW.SCARS-MEETING.COM

Venue:

Crowne Plaza Milan - Linate

Via K. Adenauer 3, San Donato Milanese 20097
Italy

This **one-of-a-kind conference** is fully dedicated to the science, understanding, and management of scars. It offers an interdisciplinary platform where the world's leading minds in **dermatology, plastic surgery, regenerative medicine, and wound healing** come together. Learn from our KOLs about:

- Scar Foundation & Mitigation
- Physical Modalities for the Treatment of Scars
- Acne Scars and Striae
- Drugs & Drug Delivery
- EBD's for Scars
- Keloids
- "The Emotional Weight of Scars": Patients, Dermatologists, Psychologists
- Regenerative & Cell-Based Therapies for Scars
- Traumatic Scars and Contractures
- Scar Center Reports! How to Build a Scar Centre: Business, Clinical Planning, Tech Acquisition, First-Line Investments, Multidisciplinary Team, Ideal Clinical Flow, Team Composition, Device Hierarchy, Creating an Interdisciplinary Ecosystem
- Challenging Scars
- The Future of Wound Healing and Scars

Interactive Program in the afternoon with:

- Live Demonstrations in the Treatment Cube
- (Hands-On) Workshops
- Device Appointments

Welcome to SCARS2026 MILAN

After unforgettable gatherings in Berlin and Bangkok, the 6th SCAR Treatment Conference 2026 will be held in the vibrant and historic city of Milan from January 16 - 18, 2026.

Congress President:
Prof. Dr. Ofir Artzi
Israel

Chairman:
*Dr. Matteo Tretti
Clementoni*
Italy

Milan is known for innovation, creativity, and beauty – the perfect backdrop as we continue to push the boundaries in scar treatment and wound healing.

Scars are far more than marks on the skin. They are powerful stories of trauma, healing, survival, and resilience. At SCARS, we believe that treating scars means restoring confidence, function, and quality of life. It is this belief that fuels our mission.

Founded in 2016, SCARS has grown into a global platform uniting experts from dermatology, plastic surgery, regenerative medicine, and beyond. Our message is clear: Effective scar treatment demands a collaborative, multidisciplinary approach – and SCARS is where that collaboration thrives.

SCARS2026 will showcase the latest breakthroughs:

- Revolutionary techniques and technologies
- Deep commitment to clinical excellence and innovation
- Evidence-based protocols for scar prevention and remodeling
- Case-driven learning
- New frontiers in regenerative therapies and wound care

It is your passion, dedication, and curiosity that make SCARS the vibrant, transformative event it is. Together, we will share knowledge, spark ideas, and forge collaborations that shape the future of scar care.

Let Milan be the place where new ideas ignite, where breakthroughs happen, and where our shared journey continues.

We invite each of you to join the family and to join the conference. We are looking forward to seeing you.

OUR WORLD CLASS FACULTY

E-POSTERS

E-posters will be shown during the entire congress. The e-poster screen is located in the Industry Exhibition. We invite you to come to the e-poster area for review.

Hypopigmented Scarring Following Deep Chemical Peel of the Cheeks: Case Report and Literature Review
Dr. Tulia Copete Villa

Management of Ear Keloid Scars and the Role of Ear-Piercing: A Narrative Systematic Review
Dr. Luke Davies

Is a Long-chain Polynucleotide Really a Safe and Effective Adjunctive Treatment for Different Scars?
Dr. Dae Hwan Kwon

Scar Revision in Indian Population
Prof. Dr. Vishal Mago

Combined Laser Therapy for Hypertrophic Burn Scar in a Child: A Three Year Follow-up
Dr. Nuno Mendes

Low Intensity LED Therapy for Post Electrical Burn Scar Remodeling: Clinical Outcomes after Five Sessions
Dr. Nuno Mendes

Towards Digital Twins of Scar Taping: Mechanical Characterization and Modelling of Scar Sheets
Dr. Marco Pensalfini

Integrative Scar Rehabilitation: A Multidisciplinary Approach Addressing Pain, Sensory Disturbances, and Functional Limitations through an Integrative Care Model
Olivia Grace Trivun

Scars & Fractional Stamps: Unlocking Better Results
Dr. Alexander Uskov-Kell

3D Measurement Method of Surgical Area Using a 2D-to-3D Workflow
Prof. Dr. Sejung Yang

Combination Treatment with an Automated Microneedling Device and Exosomes in Improving Acne Scarring
Dr. Ting Yang

The Combination of Umbilical Cord-Derived Mesenchymal Stem Cell Secretome Treatment and Glycerin Carbomer Wound Care on Chronic Ulcer from Phlegmon, in Diabetic and Chronic Kidney Disease Patient
Dr. Shifa Nurzahra Zaki

Program Overview

FRIDAY, JANUARY 16, 2026

8:30	Welcome & Opening Remarks	
8:45	Scar Foundation, Mitigation	
10:00	Live Demonstration (Broadcasted from the Treatment Room)	
10:25	Coffee Break & Networking	Industry Exhibition
10:55	Physical Modalities for the Treatment of Scars	
12:10	Acne Scars and Striae - Part 1	
12:55	Acne Scars and Striae - Part 2	
13:45	Lunch & Networking	Industry Exhibition
14:25	Live Demonstration	Treatment Room
14:50	Strategies in Acne Scars	14:50 Industry Symposia Treatment Room
15:20	Industry Symposia	15:50 Hands-On Workshop Simulation Corner
16:50	Video Demonstrations Discussed by our Expert Panel	
17:30	End of Conference Day 1	

SATURDAY, JANUARY 17, 2026

8:30	Drugs and Bioactive Compounds & Laser Assisted Transdermal Delivery	
9:30	EBD's for Scars - Part 1	
10:30	Coffee Break & Networking	Industry Exhibition
11:00	EBD's for Scars - Part 2	
12:00	Live Demonstration (Broadcasted from the Treatment Room)	
12:20	Keloids	
13:30	Lunch & Networking	Industry Exhibition
14:00	Industry Symposia	

Program Overview

15:00	Live Demonstration	Treatment Room
15:20	Lectures	Treatment Room
15:55	Panel Discussion: "The Emotional Weight of Scars": Patients, Dermatologists, Psychologists	
16:25	Coffee Break & Networking	Industry Exhibition
16:45	Live Demonstration	Treatment Room
17:05	Lectures	Treatment Room
17:45	End of Conference Day 2	
20:00	SCARS Evening Event (registration required)	

SUNDAY, JANUARY 18, 2026

8:30	Regenerative & Cell-Based Therapies for Scars	
9:35	Traumatic Scars and Contractures	
10:20	Coffee Break & Networking	Industry Exhibition
10:50	Panel Discussion: Scar Centres Reports	
11:20	Live Demonstration (Broadcasted from the Treatment Room)	
11:45	Challenging Scars	
12:45	Live Demonstration	Treatment Room
13:05	Lunch & Networking	Industry Exhibition
13:50	Live Demonstration	Treatment Room
14:15	The Hypo/Hyperpigmented Forum - Same Case, Different Opinions	
14:45	The Future of Wound Healing and Scar	
15:55	Concluding Remarks	
16:05	End of the 6th SCAR Treatment Conference 2026	

Preliminary Program

FRIDAY, JANUARY 16, 2026 IN THE AUDITORIUM

8:30 Welcome & Opening Remarks	
8:30	Welcome & Opening Remarks Prof. Dr. Ofir Artzi & Dr. Matteo Tretti Clementoni
8:45 Scar Foundation, Mitigation	
Moderated by: Prof. Dr. Ofir Artzi	
8:45	Translating the Science of Wound Healing, Fibrosis and Collagen Remodelling into Clinically Relevant Interventions Prof. Dr. Ardeshir Bayat
8:55	Drug and Device Approaches to Promote Scarless Healing in Humans Prof. Dr. Geoffrey C. Gurtner
8:59	Dressings in Wound Healing and Scar Prevention: An Overview of Current Evidence Dr. Visnu Lohsiriwat
9:03	Mastering Scar Minimization: Techniques Beyond the Scalpel Asst. Prof. Dr. Thanya Techapichetvanich
9:07	Early Intervention Is Key Prof. Dr. Merete Haedersdal
9:11	Physical Biostimulation in the Clinical Armentarium for Wound Healing Dr. Krisinda Clare Dim-Jamora
9:15	Latest Research on Hypertrophic Scars and Keloids Prof. Dr. Rei Ogawa - Video Lecture
9:19	Before the First Cut: The Hidden Phase of Scar Prevention Dr. Isil Akgun Demir
9:23	Laser Therapy for Minimizing Scarring After Mohs Surgery Prof. Dr. Byung Ho Oh
9:27	Early Scar Therapy: Timing Matters – From First Days to Light-Based Interventions Dr. Tanja Fischer
9:31	Modelling the Scar Prof. Dr. Paul van Zuijlen
9:35	Role of Photobiomodulation in Wound Healing and Scar Management Dr. Peter Shumaker
9:39	Interactive Discussion + Q&A
10:00 Live Demonstration (Broadcasted from the Treatment Room)	
10:00	Treatment: Scar Revision Dr. Matteo Tretti Clementoni
10:25 Coffee Break & Networking	
Industry Exhibition	

Preliminary Program

FRIDAY, JANUARY 16, 2026 IN THE AUDITORIUM

10:55 Physical Modalities for the Treatment of Scars	
Moderated by: Dr. Sonja Sattler	
10:55	Fading the Past: Breakthroughs in Physical Scar Treatments Peter Moortgat
11:05	Freezing from Within: Intralesional Cryosurgery for Keloids Prof. Dr. Yaron Har-Shai
11:09	Light Beyond Healing: Photobiomodulation in Scar Prevention, Supportive Care, and Epigenetic Modulation Dr. Michèle Pelletier Aouizérate
11:13	Muscle Stimulation Revisited: Emerging Roles in Scar Therapy Dr. Sahar Ghannam
11:17	Scarification – Can Skin-needling Play a Part of Synergistic Treatment Solutions? Dr. Andrew R. Christie
11:21	Value of Radiotherapy in Scars Management Ioannis Goutos
11:25	The InSkin Approach: Transforming Facial Scars with Medical Needling & Micropigmentation Ina Bennoun
11:29	Manual Mechanomodulatory Therapy: Role, Limits, and Clinical Importance Dr. Mariane Altomare
11:33	Cryotherapy in the Battle Against Keloids Dr. Frank Niessen
11:37	Negative Pressure and Biological Scaffolds: Optimizing Scar Outcomes and Preventing Fibrosis Dr. Ibbi Younis
11:41	LPG (Endermologie): Getting It on the Scar Treatment Menu Dr. RuthAnn Fanstone
11:45	Scar Quality and Quality of Life After Cesarean Section: A Cross-Sectional Study on Self-Care Practices Prof. Dr. Jill Meirte
11:49	Interactive Discussion + Q&A

Preliminary Program

FRIDAY, JANUARY 16, 2026 IN THE AUDITORIUM

12:10 Acne Scars and Striae - Part 1	
Moderated by: Dr. Christine Dierickx	
12:10	Impact of Acne Scarring on Quality of Life - Psychologically & Economically: A Cross-Sectional Study Dr. Swapnil Bumb
12:14	Deep Peels for Acne Scars Dr. Felipe Ribeiro
12:18	FUE Titanium Micropunches for Acne Scars Dr. Didac Barco
12:22	Addressing Acne Scars with Segmental Deep Phenol Croton Oil Peels Dr. Fotini Bageorgou
12:26	Fractional Radiofrequency versus Fractional Picosecond 1,064 nm Laser in the Treatment of Atrophic Acne Scars: A Randomized Split-Face Controlled Trial in Asian Patients Dr. Juthapa Pongklaokam
12:30	Synchronous Ultrasound Parallel Beam Technology for Acne Scars Apperance Improvement Dr. Ruthie Amir
12:34	TBA TBA
12:38	Interactive Discussion + Q&A
12:55 Acne Scars and Striae - Part 2	
Moderated by: Dr. Fotini Bageorgou	
12:55	New Classification of Acne Scars Dr. Giovanni Menchini
12:59	Integrating Lasers and Injectables in Acne Scar Management Asst. Prof. Dr. Thanya Techapichetvanich
13:03	Combination Approach for Striae Involving Hot/Cold Microneedling and Enzymes Dr. Fotini Bageorgou
13:07	Energy-based Solution for Striae Distensae: A Comparative Regenerative Approach Prof. Dr. Krenar Dobroschi
13:11	The Study to Evaluate the Efficacy and Safety of Adipose-Derived Stem Cells for Treatment of Acne Scar Dr. Surachet Sirisuthivoranunt
13:15	Subdermal Laser-Assisted Scar Subcision (SLASS) Using a 1470-nm Fiber Laser for Rolling Acne Scars: Expanded Case Series and Technical Refinement Dr. Adrián Alegre
13:19	Comparative Efficacy and Safety of Fractional CO2 Laser Modalities in Acne Scar Treatment: Ablative vs. Dual-Wave (Ablative/10600 nm + Non-Ablative/1570 nm) Approaches Dr. Arminda Avdulaj
13:23	Needles and Energy: Microneedling and RF for Atrophic Scars Dr. Atula Gupta
13:27	Interactive Discussion + Q&A

Preliminary Program

FRIDAY, JANUARY 16, 2026 IN THE AUDITORIUM

13:45 Lunch & Networking		Industry Exhibition
14:25 Live Demonstration		Treatment Room
14:25	Live Scar Treatment Prof. Dr. Gabriele Delia	
14:50 Strategies in Acne Scars		14:50 Industry Symposia Treatment Room
Moderated by: Dr. Matteo Tretti Clementoni		
14:50	Integrated Strategies in Acne Scars Dr. Matteo Tretti Clementoni	14:50 Industry Symposium
15:20 Industry Symposia		
15:20	Industry Symposium	15:20 Industry Symposium
		15:50 Hands-On Workshop Simulation Corner
		15:50 Hands-On Workshop Simulation Corner The High Yield Laser Approach to Scar Revision Prof. Dr. Ernest Azzopardi
16:20	Industry Symposium	
16:50 Video Demonstrations Discussed by our Expert Panel		
Moderated by: TBA		
16:50	Panel Discussion TBA	
17:30 End of Conference Day 1		

Preliminary Program

SATURDAY, JANUARY 17, 2026 IN THE AUDITORIUM

8:30 Drugs and Bioactive Compounds & Laser Assisted Transdermal Delivery	
Moderated by: Dr. Suzanne Kilmer	
8:30	Pharmacologic Management of Excessive Scarring: Insights from Ten Years of Clinical Experience in Germany Prof. Dr. Gerd Gauglitz
8:37	An Open-label Proof-of-Concept Study on the Efficacy and Safety of Dupilumab in the Treatment of Keloids Dr. Hye Jin Chung
8:41	Laser Assisted Drug Delivery for Scars Prof. Dr. Merete Haedersdal
8:45	Not Just Drugs - Laser Assisted Drug Delivery in Treating Scars Dr. Jill Waibel
8:49	The Impact of Drug Formulation on the Efficiency of Laser-assisted Drug Delivery Dr. Ya-nin Nokdhes
8:53	Drug Delivery for Scars Using Nano and Hydroporation Prof. Dr. Uwe Paasch
8:57	Topicals for the Treatment of Scars - Myths and Facts for Topicals: Old vs. New Molecules, Innovations in Topical Pharmacology Prof. Dr. Ardeshir Bayat
9:01	Diminution of the Morphology of Scars Using Energy-Based Devices and Topical Enzymes. Preliminary Study Prof. Dr. Jesus Rodríguez Lastra
9:05	Repeated Multilayer Drug Application for Better Scar Improvement Dr. Matteo Tretti Clementoni
9:09	Interactive Discussion + Q&A

9:30 EBD's for Scars - Part 1	
Moderated by: Prof. Dr. Uwe Paasch	
9:30	Energy-Based Devices in Scar Management: Current Status and Clinical Insights Prof. Dr. Ofir Artzi & Dr. Matteo Tretti Clementoni
9:40	High-Fluence Dual-Wavelength Energy with Variable Sequential Pulsing for Scar Treatment TBA
9:44	Co2 Laser and Scars Dr. Klaus Hoffmann
9:48	2910nm Laser for the Treatment of Scars Dr. Suzanne Kilmer
9:52	Tracking Wound Healing After Laser Coring with Daily LC-OCT Imaging Dr. Thomas Beachkofsky
9:56	Novel 2910nm Fibre-Based Cold Ablative Fractional Laser for Scar Revision Dr. Andrea C. Issler-Fisher

Preliminary Program

SATURDAY, JANUARY 17, 2026 IN THE AUDITORIUM

9:30 EBD's for Scars - Part 1	
10:00	Prevention and Management of Surgical Scars Dr. Peter Shumaker
10:04	Dual-Wavelength 1550/1927 nm Non-Ablative Fractional Laser for Scar Remodeling Dr. Christine Dierickx
10:08	PICO Laser for the Treatment of Hyper-pigmented Scars following Burn Injury Dr. Georgina Phillips
10:12	Interactive Discussion + Q&A

10:30 Coffee Break & Networking	Industry Exhibition
---------------------------------	---------------------

11:00 EBD's for Scars - Part 2	
Moderated by: Dr. David Ozog	
11:00	The Hybrid Revolution: Choosing Between Sequential and Non-Sequential Lasers for Scars Prof. Dr. Ofir Artzi
11:04	Biomodulation Using Double Wavelength Handheld Laser Device Dr. Tingsong Lim
11:08	Shining New Light: The Role of 675 nm Lasers in Scar Management Dr. Ya-nin Nokdhes
11:12	Direct Microendoscopic Laser Revision of Deep Scars Using the FIBROLASERF Protocol and the 7 Star Scope Microendoscope Dr. Ernesto Delgado Cidranes
11:16	Advances in Needle-Free Jet Injection for Scar Remodeling: Clinical Evidence and Practical Applications Dr. Ji Min Lee
11:20	Focused Shockwave Treatment of Scars and Deep Fibrosis. Our Experience Dr. David Ozog
11:24	Changing the ECM of Scars with Electromagnetic Field (EMF) Dr. Tingsong Lim
11:28	Synergistic Use of Modern Picosecond Lasers with DOE and Needle-Free Jet Injectors in Scar Revision Dr. Kingsley Mariadasan
11:32	Focal Point Technology Laser: A Next-Generation Approach to Scar Therapy Dr. Christine Dierickx
11:36	Integrating Needle-Free Injection, RF, PEMF, and CO2-Assisted Systems for Advanced Scar Remodeling Dr. Suk-Bae Seo
11:40	Combined Fractional Lasers + RF for Resistant Scars and Darker Skin Types Prof. Dr. Nicola Zerbinati
11:44	Interactive Discussion + Q&A

Preliminary Program

SATURDAY, JANUARY 17, 2026 IN THE AUDITORIUM

12:00	Live Demonstration (Broadcasted from the Treatment Room)
12:00	Morpheus8 Burst & Resurfacing Dual Mode: Advanced Acne Scar Correction with no Phototype Limitations Dr. Angela Capponi

12:20	Keloids
	Moderated by: Prof. Dr. Merete Haedersdal
12:20	Keloid Pathogenesis: Scar or Disease? An Overview of Current Knowledge Prof. Dr. Ardeshir Bayat
12:30	Keloids - Importance of Follicular Reduction and Suppression of Concomitant Follicular Pathologies in Keloid Scars Dr. Asif Hussein
12:34	The Microbiome's Role in Keloid Formation and Future Therapies Dr. Frank Niessen
12:38	Treatment of the Keloids of the Ear Dr. Domenico Piccolo
12:42	Different Treatment Algorithms for Hypertrophic Scars and Keloids: What Sets Them Apart Prof. Dr. Rei Ogawa - Video Lecture
12:46	Punch Excision Followed by Immediate Cryotherapy for Recalcitrant Keloids Prof. Dr. Byung Ho Oh
12:50	Endofiberlaser for Difficult Keloid Scars - Evidence in 3D Prof. Dr. Ernest Azzopardi
12:54	Ultrasound Assessment of Vascularization Patterns in Keloid Scars Naïma van Schie
12:58	Immune Memory in Keloids: Why Keloids Behave Like Chronic Inflammatory Disease Prof. Dr. Ardeshir Bayat
13:02	Interactive Discussion + Q&A

13:30	Lunch & Networking	Industry Exhibition
-------	--------------------	---------------------

14:00	Industry Symposia
14:00	Industry Symposium

15:00	Live Demonstration	Treatment Room
15:00	Scar Re-surfacing Dr. Tanja Fischer & Dr. Augusto Sarandrea	

Preliminary Program

SATURDAY, JANUARY 17, 2026 IN THE AUDITORIUM

15:20	Lectures	Treatment Room
15:20	Non-Ablative Skin-Resurfacing Laser for the Treatment of Scars Dr. Klaus Hoffmann	
15:30	Needle-less Technology with NFJI Dr. Tapan Patel	
15:40	Building a Comprehensive Scar Centre in a Tertiary Medical Centre Prof. Dr. Lior Heller	

15:55	Panel Discussion: "The Emotional Weight of Scars": Patients, Dermatologists, Psychologists
	Moderated by: TBA
15:55	Panel Discussion: "The Emotional Weight of Scars": Patients, Dermatologists, Psychologists Dr. RuthAnn Fanstone, Prof. Dr. Jill Meirte, Ioannis Goutos, Prof. Dr. Ernest Azzopardi, Dr. Matteo Tretti Clementoni, Dr. Peter Shumaker, Dr. Kaat Verbeelen & Prof. Dr. Geoffrey C. Gurtner

16:25	Coffee Break & Networking	Industry Exhibition
-------	---------------------------	---------------------

16:45	Live Demonstration	Treatment Room
16:45	Redefining Scar Revision: The Power of the 2910nm Cold Ablative Fibre Laser Dr. Thomas Beachkofsky	

17:05	Lectures	Treatment Room
17:05	Redefining Scar Revision: The Power of the 2910nm Cold Ablative Fibre Laser Dr. Thomas Beachkofsky	
17:15	Illuminating the Scar: The Revolution Beneath the Skin Prof. Dr. Ernest Azzopardi	
17:25	Hypertrophic and Keloid Scars, Our Approach Prof. Dr. Paolo Bonan	
17:35	Personalized Scar Management: Integrating Very High-Frequency Ultrasound, Laser Therapy, and PRP Dr. Andrea Maria Scarpa	

17:45	End of Conference Day 2
-------	-------------------------

20:00	SCARS Evening Event (registration required)
-------	---

Preliminary Program

SUNDAY, JANUARY 18, 2026 IN THE AUDITORIUM

8:30 Regenerative & Cell-Based Therapies for Scars	
Moderated by: Dr. Atchima Suwanchinda	
8:30	Characterization of Mechanoresponsive, Pro-inflammatory Myeloid Cells in Fibrosis and Regeneration Prof. Dr. Geoffrey C. Gurtner
8:34	The Value of Nanofat Transfer in Scar Management Ioannis Goutos
8:38	Polynucleotides in Scar Prevention and Remodeling: Mechanisms and Clinical Evidence Dr. Atchima Suwanchinda
8:42	Biostimulation in Scars: How Much Is Too Much? Dr. Sonja Sattler
8:46	The Role of Tissue Engineered Skin in Scar Treatment Prof. Dr. Esther Middelkoop
8:50	Collagen: Does It Work for Scars? Dr. Tingsong Lim
8:54	Wound Healing and Scar Quality Following Off-the-Shelf Dermal Substitute Use in Burns and Burn Reconstruction: A Prospective Cohort Study Anna S. van den Bosch-Janzen
8:58	Subdermal Injection of Non-BDDE Cross-Linked Hyaluronic Acid for Atrophic Acne Scars: A Retrospective Clinical Evaluation Dr. Ari Safir
9:02	Scar Regeneration: From Exosomes to Hybrisomes Dr. Sahar Ghannam
9:06	Regenerative Healing: The Role of PDRN in Scar Revision Dr. Nevine Dorgham
9:10	From Scarring to Regeneration: Stimulating Embryonic-like Morphogenic Healing Ishay Attar
9:14	Interactive Discussion + Q&A

Preliminary Program

SUNDAY, JANUARY 18, 2026 IN THE AUDITORIUM

9:35 Traumatic Scars and Contractures	
Moderated by: Dr. Jill Waibel	
9:35	Treatment of Traumatic Scars with Emphasis on the Latest Techniques, Substances and Procedures Prof. Dr. Paolo Bonan
9:39	Functional Improvement in Amputees following Distal Scar Laser Resurfacing Dr. Thomas Beachkofsky
9:43	Use of Expanders in Scars and Reconstruction Prof. Dr. Josef Haik
9:47	Best Practices for Post-Burn Scar Contracture Managements Prof. Dr. Rei Ogawa - Video Lecture
9:51	Integrating Compression Therapy into Scar Management Dr. Moti Harats
9:55	Physiotherapy on Burn Scar Patients Dr. Davide Dalla Costa
9:59	Autologous Cell Spray Grafting Reduced Scars in Dermal Burn Wounds Dr. Bernd Hartmann
10:03	Interactive Discussion + Q&A
10:20 Coffee Break & Networking	
Industry Exhibition	
10:50 Panel Discussion: Scar Centres Reports	
Moderated by: Prof. Dr. Gerd Gauglitz

Discussion	

Erase the look of scars with

Dermapen 4®

DEDICATED
SCAR
SETTING

Dermapen 4® is the only microneedling device with a dedicated Scar Treatment Setting to visibly improve the appearance of surgical, burn, stretchmark, and acne scars. Autocalibration of speed, pressure and depth (up to 3mm) ensures the precision and consistency of each procedure.

Combined with targeted Dp Dermaceuticals™ products rich in scar-rejuvenating ingredients, our advanced protocols help enhance results for smoother, more evenly toned skin.
