WACEM2019DUBAI

DAY ONE

OCTOBER 22, 2019 (TUESDAY)

07:30 - 08:30	Registration		
08:30 - 09:20	TEDX : "We should always be practical, realistic and optimistic" Sheikh Mohammed Bin Rashid		
08:30 - 08:50	TEDX 1 Dr. Sanjiv Bhoi		
08:50 - 09:00	TEDX 2 Dr. Bonnie Arquilla		
09:00 - 09:20	Opening Ceremony		
09:20 - 09:50	 Coffee Break		
09:50 - 11:05	Updates in Critical care and resuscitation II	ED Administration and patient flow I	Toxicology Emergency I
09:50 - 10:05	Airway management in trauma patient Rebecca Jeanmonod	Triaging the "Triage" Aruna Munasinghe	Cardiotoxic Plants and Herbs Dr. Ashish Bhalla
10:05 - 10:20	Ketamine for the Management of Acute Pain and Agitation in the ICU: Future, Fiction or Just another Drug-Induced Hallucination? Prof. Amr Mohamed EL-Said	Is Length of Stay at Emergency Services predictor of Outcome of Admitted Patients? Ram Prasad Neupane	VICC in snake bites: tests available and role of transfusion Siju V Abraham
10:20 - 10:35	Cardiac injuries. What everyone should know to give them a chance for survival? Juan A. Asensio	Beyond Lean in ED Samiddhi Samarakoon	Cardiac Channels and Toxic Potential Dr. Sage Wiener
10:35 - 10:50	Safe Conscious Sedation in ED Joydeep Grover	Uzbekistan experience in patient flow management Khikmat Anvarov	Toxicity of Anti-hypertensive Drugs Dr. Praveen Aggarwal
10:50 - 11:05	Q & A	Q & A	Q & A
11:05 - 11:30	 Coffee Break		
11:30 - 12:45	Shock and sepsis managements I	Ethics and Standards for organ donation role ED	Challenges in ED nursing
11:30 - 11:45	Sepsis screening at triage Himanshu Kataria	Brain death determination Harry L. Anderson	Assessment & Management of Patient with Sepsis Remigio JR Almazan Candido
11:45 - 12:00	The Role of Biosurgical Agents in the Management of Severe Bleeding Michael S Firstenberg	Plugged in only to be Plugged Out Vimal Rohan K	The challenges of assessing alcohol intoxicated patients for a head injury in the emergency department Ciara Hoban
12:00 - 12:15	Improving Survival for Sepsis Patients Dianne McCallister	The Ethical Aspects of Intravenous Drug Use and Recurrent Endocarditis Michael S Firstenberg	The role of emotional first aid in the improvement of our quality of care Moh'd Hauuem
12:15 - 12:30	Septic shock -Surviving sepsis guidelines 2017 The Surviving Sepsis Campaign Bundle: 2018 update Intensive Care Med Rajeshwari S Vhora	Leave a Legacy of Life -ED and Organ donation Dr. Firoze Sogiawalla	TBA
12:30 - 12:45	Q & A	Q & A	Q & A
12:45 - 13:45	 Lunch Break		

WACEM2019DUBAI
DAY ONE
OCTOBER 22, 2019 (TUESDAY)

13:45 - 15:00	ED Administration and patient flow II	Artificial intelligence & future of Emergency Medicine	Prehospital care
13:45 - 14:00	Medical reconciliation in the Emergency department Dr. Akram Hussain	"Point of Care App's In ED: Drinking from A Firehose" Dr Manu Ayyan	Telecommunication facility in Ground Transportation – A Novel, Simple and Effective Method Ajith Venugopalan
14:00 - 14:15	Quality indicators in ER -is it the pathway to quality care Moahmmmed Haneef	AI: Unburdening the Decision Fatigue Vimal Rohan K	Chain of emergency care between prehospital and in hospitals. Saad AlQahtani
14:15 - 14:30	ED Administration and patient flow- Personal experience Rajeshwari S Vhora	Demystifying Artificial Intelligence in Emergency Department. Ashok Kumar Sankaranarayanan	Pre-hospital Triage: A comparison between different protocols and utilities Pia Daniel
14:30 - 14:45	ED Administration and patient flow	Artificial Intelligence in ED: a threat or an opportunity for Emergency Physicians Himanshu Kataria	Prehospital Health Services from the perspective of the administrator and coordination with emergency Kenan Ahmet Türkdoğan
14:45 - 15:00	Q & A	Q & A	Q & A
15:00 - 15:15	 Coffee Break		
15:15 - 17:00	Trauma – Japan Experience	WACEM Meets Africa	Updates in critical care and resuscitation II
	Trauma critical care in Japan including recent knowledge~ Modulator: Tetsuro Nishimura Taro Irisawa Our trauma evaluation and care in TACCC of Osaka University Hospital in Japan Takeyuki Kiguchi The best timing of CT scanning among adult trauma patients Tomoya Hirose ER diagnosis in the future: Challenge to development ER image diagnosis support system using artificial intelligence Masahiro Miyashita Short-term outcome of surgical or non-surgical treatment for spinal cord injury with no bony injury	"A preventable death study in Ashanti region of Ghana: using a structured implicit review process Dr. Hussein Yakubu "Mass Casualty incident management at the Addis Ababa Burn Emergency and Trauma Center. Dr. Gellila Mengistu Meheret "A description of the utilization of business tool in understanding and improving ED patient flow" Dr. Maysel Forson "A synchronous and asynchronous distance training for course for clinical research" Dr. Rockefeller Oteng "Establishing a functional research office and infrastructure in Ghana: challenges and lessons learned " Jonathan Boakye	Cardiovascular, Vascular Emergencies Transvenous Pacing in ED, Do we need to wait for cardiologist? Nicole Tyczynska Advances in Interventions for Acute Massive and Submassive Pulmonary Embolism: What is Old is New Again Michael S Firstenberg Necrotizing Fasciitis Prof Dr Siddharth P. Dubhashi Traumatic Vs Spontaneous Subarachnoid Hemorrhage Dr Amit Agarwal Q & A

WACEM2019DUBAI
DAY TWO
 OCTOBER 23, 2019 (WEDNESDAY)

07:30 - 08:30	Registration		
08:30 - 09:20	TEDX : "I learn from the youngest and am still at the beginning of the road with no arrogance" Sheikh Mohammed Bin Rashid		
08:30 - 08:50	TEDX 1 Dr. Sagar		
08:50 - 09:00	TEDX 2 Dr. Teresa Smith		
09:00 - 09:20	TEDX 3 (Main Hall)		
09:20 - 09:50	 Coffee Break		
09:50 - 11:05	Cardiac and vascular emergency I	Trauma and Sport Medicine I	Simulation in emergency medicine
09:50 - 10:05	Demystifying RV Failure or Never forget what's Right! Dr. Vimal Krishnan S	ED Thoracotomy in 2019. Harry L. Anderson	ED Simulation Shruti Chandra
10:05 - 10:20	New insight in the early management of acute heart failure. Salvatore Di Somma	Trauma: 2018-2019 Donald Jeanmonod	ED simulation in emergency process and protocol Pia Daniel
10:20 - 10:35	Common emergency ECG pitfalls Naman Agrawal	Trauma Tales – Tales telling a tale. Samiddhi Samarakoon	Robotic Neuro Surgery - Is it the Future Jagath Rathu Gamage
10:35 - 10:50	"STEMI equivalent" ACS high risk patterns Rajeshwari S Vhora	Playing Cricket should an orthopedic surgeon be the captain. V. Swarnakumar	How to develop an EM simulation Faculty Amit Jaiswal
10:50 - 11:05	Q & A	Q & A	Q & A
11:05 - 11:30	 Coffee Break		
11:30 - 12:40	Updates in Neuro-emergencies	Women in Leadership	Updates in biomarkers and point of care procedures
11:30 - 11:45	ED challenges in the management of stroke patients in their golden hours – an Indian perspective. Mohammed Haneef	Female leadership in Medicine & effective mentoring Rebecca Jeanmonod	All you need to know about troponins. Dr. Vivek Chauhan
11:45 - 12:00	Updates on the management of non-convulsive seizures in the emergency department Shahriar Zehtabchi	Women in leadership – are men failing? Anver Hamdani	Catch me if you can Vimal Rohan K
12:00 - 12:15	Recent Updates in Adults & Pediatrics TBI Dr Sanjay Vhora	Women in Leadership: creating a diverse EM department Teresa Smith	Bedside diagnostics and procedures in the intensive care unit Harry L. Anderson
12:15 - 12:30	The study : Acute stroke care in emergency units: Improving door to needle times Prof. Feroza Motara	After # Me Too – Avoiding the pendulum swing Dianne McCallister	How POCT biomarkers can help in early diagnosis and management of septic shock Salvatore Di Somma
12:30 - 12:45	Q & A	Q & A	Q & A

WACEM2019DUBAI
DAY TWO
 OCTOBER 23, 2019 (WEDNESDAY)

12:45 - 13:45	 Lunch Break		
13:45 - 15:00	Disaster Medicine	Mortality and Morbidity	Shock and sepsis managements II
13:45 - 14:00	Changes in combat casualty management as the result of the recent Iraq and Afghanistan conflicts. Juan A. Asensio	Triage and M & M Dr. Firoze Sogiawalla	Early Recognition of Sepsis Patients in the Emergency Department Manish Garg
14:00 - 14:15	Disaster preparedness-professional vs public. Hemantha Herath	Morbidity and mortality – are they identical twins? Samiddhi Samarakoon	Evidence based choice of resuscitation fluid in shock Naman Agrawal
14:15 - 14:30	Vulnerable population (Pediatric and neonatal) in disaster Nitin Chawla	Snakebite mortality: India Vs Australia= 50,000 vs 5: where do we go wrong? Siju V Abraham	Is there a potential role of personalized medicine in sepsis ? Himanshu Kataria
14:30 - 14:45	Major Incident Planning Joydeep Grover	Systematic Approach to Index Management Dianne McCallister	Shock and sepsis managements in state emergency hospital in Uzbekistan: achievements and challenges. Abdukhakim KHADJIBAEV
14:45 - 15:00	Q & A	Q & A	Q & A
15:00 - 18:00			Challenges and Updates In EM I
	GREAT (Global Research on Acute conditions Team) Meets WACEM Prof. Prabath Nanayakkara Prof. Lorenzo Paladin Prof. Salvatore Di Somma Medical Education & Research: “How to improve publications in Emergency Medicine”	ED Simulation - Why and How? Elizabeth Lee Reaching the learners of tomorrow: How to advance great teaching in the 21st century! Manish Garg Hospital decontamination in CBRNE. What the hospital do not know Mohd Alwi Hi Abdul Rahman ED Administration and patient flow (Observation Medicine in EM, Are we good observers?) Maria Aini Q & A	

WACEM2019DUBAI

DAY THREE

OCTOBER 24, 2019 (THURSDAY)

07:30 - 08:30	Registration		
08:30 - 09:20	TEDX : "A few mistakes made by a person working productively cost far less than a person paralyzed by laziness or fear" Sheikh Mohammed Bin Rashid		
08:30 - 08:50	TEDX 1 Dr. Shahraiar Zehtabchi		
08:50 - 09:00	TEDX 2 (Main Hall)		
09:00 - 09:20	TEDX 3		
09:20 - 09:50	 Coffee Break		
09:50 - 11:05	Pediatric Emergency Medicine	Medical Education & Research I	ED ultrasound
09:50 - 10:05	Approach to the pediatric airway. Shruti Chandra	How to do a PubMed search! Siju V Abraham	The lame and the blind concept in ultrasound guided vascular access. Aruna Munasinghe
10:05 - 10:20	Child Abuse and Neglect Nitin Chawla	VICTAS trial--Vitamin C, Thiamine, and Hydrocortisone for severe sepsis/septic shock with respiratory or circulatory dysfunction. I could present the rationale for this three-drug cocktail, our recent publication of the VICTAS trial protocol, and trial progress to date Dave Gaieski	Advanced cardiac ultrasound in pulmonary embolism Donald Jeanmonod
10:20 - 10:35	Agitated Pediatric Patient – A challenge in ER, Auto Immune Encephalitis – A diagnostic Dilemma in ER. Dr. Ajith Venugopalan	Building Department's research capabilities: how to create a culture of residents; education. Teresa Smith	Visual Decision-making in genitourinary emergencies Naman Agrawal
10:35 - 10:50	Quad bikes & Pediatric Maxillofacial Trauma: A Public Health Menace for a Vulnerable Population Joseph Muhammad	Cultural Competence in Medical Education Prof. Siddharth P. Dubhashi	POCUS: femoral vein size and Expansibility test to detect intravascular status in a patient. Dr. Vivek Chauhan
10:50 - 11:05	Q & A	Q & A	Q & A
11:05 - 11:30	 Coffee Break		
11:30 - 12:40	Resident Cases & Research's	Toxicology Symposium II	Medical Education and Research II
11:30 - 11:45	Mortality & Morbidity in queer sense... Mortality of patients & morbidity of family members... Emphasizing the need for socio-economic models of healthcare in Emergency Medicine" Rachana	Antidote against Newer Anticoagulant Dr. Sari Soghoian	Emergency medicine researches. Saad AlQahtani

WACEM2019DUBAI

DAY THREE

OCTOBER 24, 2019 (THURSDAY)

11:45 - 12:00	TBA	Evidence based use and reversal of NOACs. Rebecca Jeanmonod	Medical Education and research - Undergraduate Medical Education Shruti Chandra
12:00 - 12:15	TBA	Methylene Blue – Not Just for Methemoglobinemia Dr. Sage Wiener	"Mastermind Groups: Leveraging your professional development in EM " Dr. Manu Ayyan
12:15 - 12:30	TBA	Toxicologic Ischemia Dr. Sari Soghoian	How good are systematic reviews: A critical analysis? Dr. Sunil Raina
12:30 - 12:45	Q & A	Q & A	Q & A
12:45 - 13:45	 Lunch Break		
13:45 - 16:30	Trauma and Sport Medicine II	Career path in Emergency Medicine	Challenges & updates in ED II
13:45 - 14:00	Pulmonary injuries. Beyond resuscitation. Juan A. Asensio	The role of academicians in the development of emergency Medicine Prof. Başar Cander	Pain free ED: Chronic pain management Prof. Rashidi Ahmad
14:00 - 14:15	Human Factors in Management of Major Trauma Joydeep Grover	Career path in Emergency Medicine career options for Emergency Medicine physicians Bonnie Arquilla DO	Post-Arrest Care... Interventions That Save Lives! Ali Al-Shareef
14:15 - 14:30	The dark side of trauma. Aruna Munasinghe	Advancing the Professional You: How to Master Conflict! Manish Garg	Physiology-guided CPR: The rationale for using DBP and ETCO2 as resuscitation goals instead of the cookbook of the AHA guidelines. Dave Gaieski
14:30 - 14:45	The U-SALAD approach to tackle a Difficult Airway Dr. Vimal Krishnan S	TBA	Management of emergency Medicine room crowd: physician and patient satisfaction Afşin Emre kayıpmaz
14:45 - 16:15	Q & A	Q & A	Q & A
16:15 - 16:30	Closing Ceremony
