10:00 - 11:30	Type: Special Session Title: Medical oncology as a contributor to global policy: How to improve national cancer plans	Palma Auditorium
10:00 - 10:05	Introduction	
10:05 - 10:20	Overview of NCCP, including forming the multi-disciplinary and multi-sectoral partnership	
10:20 - 10:35	Example from Central Asia Leadership Forum	
10:35 - 10:50	Example from Central Europe	
10:50 - 11:05	Example from Eastern Europe	
11:05 - 11:30	Interactive Q&A	
12:00 - 13:20	Type: Opening session Title: Opening session and Award lectures	Madrid Auditorium
14:00 - 15:30	Type: Educational session Title: Optimal therapy in localised rectal cancer Chair(s): A. Cervantes, ES	Barcelona Auditorium
14:00 - 14:25	Imaging and re-imaging <u>R. Beets-Tan</u> , Maastricht, NL	
14:25 - 14:50	What treatment should be skipped or intensified? <u>B. Glimelius</u> , Uppsala, SE	
14:50 - 15:15	Adjuvant therapy <u>A. Cervantes</u> , Valencia, ES	
15:15 - 15:30	Discussion	

14:00 - 15:30	Type: Educational session Title: Immunotherapy: The next steps Chair(s): J. Larkin, GB	Madrid Auditorium
---------------	--	-------------------

14:00 - 14:25	Combination of drugs acting on the immune system <u>S. Topalian</u> , Baltimore, Md, US
---------------	--

14:25 - 14:50	How to sequence immunotherapy <u>J. Larkin</u> , London, GB
---------------	--

14:50 - 15:15	When to discontinue immunotherapy <u>C. Robert</u> , Villejuif, FR
---------------	---

15:15 - 15:30	Discussion
---------------	------------

14:00 - 15:30	Type: Proffered Paper session Title: Proffered Paper session 1	Sevilla Auditorium
---------------	---	--------------------

14:00 - 15:30	Type: Proffered Paper session Title: Proffered Paper session 2	Pamplona Auditorium
---------------	---	---------------------

14:00 - 15:30	Type: Joint Symposium Title: ESMO-EACR: Preclinical models for developing combination therapeutics	Cordoba Auditorium
---------------	---	--------------------

14:00 - 14:05	Introduction
---------------	--------------

14:05 - 14:25	Tumour organoids to test drug responses
---------------	---

14:25 - 14:45	The Achilles heel of acquired drug resistance
---------------	---

14:45 - 15:05	Optimising drug combinations to overcome resistance
---------------	---

15:05 - 15:25	Accelerated clinical evaluation of drug combinations based on biological insight
---------------	--

15:25 - 15:30	Conclusions
---------------	-------------

14:00 - 15:30	Type: Special Session Title: Primary and secondary prevention of cancer: Where do we stand?	Granada Auditorium
---------------	--	--------------------

14:00 - 14:05 Introduction

14:05 - 14:30 The concept and achievements of prevention

14:30 - 14:55 Back to the future: Benefit/risk of hormone therapy for prevention in midlife women

14:55 - 15:20 Tobacco cessation and cancer incidence and recurrence

15:20 - 15:30 Conclusions

14:00 - 15:30	Type: Joint Symposium Title: ESMO-ESP: The evolution of pathological reporting - GI focus	Valencia Auditorium
---------------	--	---------------------

14:00 - 14:05 Introduction

14:05 - 14:25 The clinician's perspective: What is expected from the pathologist?

14:25 - 14:45 Pathologist: From descriptive to synoptic reports

14:45 - 15:05 Molecular pathology in GI cancer: What is useful and how to integrate it into the pathological report

15:05 - 15:25 Immunology in GI cancer: What is useful and how to integrate it into the pathological report

15:25 - 15:30 Conclusions

14:00 - 15:30	Type: Educational session Title: Standard of diagnosis and care in brain tumours Chair(s): A. Brandes, IT	Tarragona Auditorium
14:00 - 14:25	How do I use the Response Assessment in Neuro-Oncology (RANO) criteria? <u>P. Wen</u> , Boston, MA/US	
14:25 - 14:50	How to manage complications of radiotherapy and chemotherapy? <u>R. Henriksson</u> , Stockholm, SE	
14:50 - 15:05	Discussion	
15:05 - 15:30	The new WHO classification <u>G. Reifenberger</u> , Dusseldorf, DE	
14:00 - 15:30	Type: Joint Symposium Title: ESMO-ESOP: The growing need for collaboration between clinicians and oncology pharmacists	Bilbao Auditorium
14:00 - 14:05	Introduction	
14:05 - 14:25	Access to anti-cancer medicines: How Germany is tackling the issue	
14:25 - 14:45	Contamination with cytotoxic drugs in the workplace - MASHA project	
14:45 - 15:05	Challenges in adherence to oral cancer therapies: The clinician's perspective	
15:05 - 15:25	Challenges in adherence to oral cancer therapies: The oncology pharmacist's perspective	
15:25 - 15:30	Conclusions	

14:00 - 15:30	Type: Joint Symposium Title: ESMO-WHO: Workforce optimisation: Results of the WHO-ESMO study on health workforce requirements for breast cancer care	Alicante Auditorium
---------------	---	------------------------

14:00 - 14:15 What works in workforce optimisation: The WHO perspective

14:15 - 14:30 It's about the people: Assessing the gaps and planning the workforce for breast cancer care

14:30 - 14:45 The WHO-ESMO Health Workforce Survey: Preliminary results from Italy

14:45 - 15:00 WHO-ESMO Health Workforce Survey: What is different in Spain?

15:00 - 15:25 Participant discussion and Q&A

15:25 - 15:30 Conclusions

14:00 - 14:30	Type: Patient Advocacy Track Title: Welcome	Palma Auditorium
---------------	--	------------------

14:00 - 14:10 Welcome by ESMO

14:10 - 14:20 Welcome by the ESMO PAWG Chair

14:20 - 14:30 Welcome by EACR

14:45 - 15:45	Type: Patient Advocacy Track Title: Science and patients advocacy	Palma Auditorium
---------------	--	------------------

14:45 - 15:00 Science and advocacy: Why care about science? How to involve patients in research

15:00 - 15:15 Involvement of patients in pathology

15:15 - 15:30 A sociologist's perspective on patient advocacy

15:30 - 15:45 Discussion

16:00 - 17:30	Type: Special Symposium Title: Cancer stem cell properties Chair(s): A. Trumpp, DE	Barcelona Auditorium
---------------	--	----------------------

16:00 - 16:05 Introduction
A. Trumpp, Heidelberg, DE

16:05 - 16:25 Stem cell re-programming in cancer tissues
P.G. Pelicci, Milan, IT

16:25 - 16:45 Clonal tracking of stem cells
J. Dick, Toronto, On, CA

16:45 - 17:05 Stem and progenitor cells in epithelial cancer
R. Toftgård, Tockholm, SE

17:05 - 17:25 Normal and malignant stem cells
A. Trumpp, Heidelberg, DE

17:25 - 17:30 Conclusions and clinical perspectives

16:00 - 17:30	Type: Proffered Paper session Title: Proffered Paper session 4	Cordoba Auditorium
---------------	---	--------------------

16:00 - 17:30	Type: Joint Symposium Title: ESMO-KACO: Molecular targets in breast cancer	Granada Auditorium
---------------	---	--------------------

16:00 - 16:05	Introduction
---------------	--------------

16:05 - 16:25	Molecular targets in overcoming treatment resistance
---------------	--

16:25 - 16:45	Optimising treatment for luminal breast cancer: Luminal A vs. Luminal B
---------------	---

16:45 - 17:05	Developing strategies for overcoming drug resistance in HER2-positive breast cancer
---------------	---

17:05 - 17:25	Molecular divergence in an 'entity'? Triple-negative breast cancer
---------------	--

17:25 - 17:30	Conclusions
---------------	-------------

16:00 - 17:30	Type: Proffered Paper session Title: Proffered Paper session 3	Madrid Auditorium
---------------	---	-------------------

16:00 - 17:30	Type: Educational session Title: What is new in germ cell tumours Chair(s): A. Lopez Beltran, PT	Sevilla Auditorium
---------------	--	--------------------

16:00 - 16:25	What is new in the biology of germ cell tumours <u>A. Lopez-Beltran</u> , Lisbon, PT
---------------	---

16:25 - 16:50	Refining prognosis assessment in germ cell tumours <u>J. Oldenburg</u> , Eiksmarka, NO
---------------	---

16:50 - 17:15	The role of high dose chemotherapy in refractory resistant germ cell tumours <u>J. Beyer</u> , Zurich, CH
---------------	--

17:15 - 17:30	Discussion
---------------	------------

16:00 - 17:30	Type: Educational session Title: Genome instability, its relevance to cancer and therapeutic potential Chair(s): S. Nik-Zainal, GB	Pamplona Auditorium
---------------	--	---------------------

16:00 - 16:25 What is DNA replication stress and what is its relevance to cancer?
J. Bartek, Copenhagen, DK

16:25 - 16:50 Aneuploidy and cancer
A. Sottoriva, London, GB

16:50 - 17:15 Kateagis and Apobec- relevance to cancer
S. Nik-Zainal, Cambridge, GB

17:15 - 17:30 Discussion

16:00 - 17:30	Type: Joint Symposium Title: ESMO-ASCO: Evidence from single-arm trials	Valencia Auditorium
---------------	--	---------------------

16:00 - 16:05 Introduction

16:05 - 16:25 The settings and the challenges of single-arm trials

16:25 - 16:45 Evidence from single-arm trials that lead to regulatory approval

16:45 - 17:05 Early clinical data for new drug approval in Europe: Help or hindrance?

17:05 - 17:25 The FDA perspective

17:25 - 17:30 Conclusions

16:00 - 17:30	Type: Joint Symposium Title: ESMO-JSMO: Combinations with immuno-oncology agents for gastrointestinal cancer: Which ones make the best partners?	Tarragona Auditorium
---------------	---	----------------------

16:00 - 16:05	Introduction
---------------	--------------

16:05 - 16:25	Combinations with immune-oncology agents for GI cancers: Their scientific rationales
---------------	--

16:25 - 16:45	Combinations of checkpoint inhibitors and immunostimulation for immune-ignorant tumours
---------------	---

16:45 - 17:05	Combinations with immune-oncology agents for upper GI cancers: Update of clinical trial results
---------------	---

17:05 - 17:25	Combinations with immune-oncology agents for colorectal cancer: Current status of clinical development
---------------	--

17:25 - 17:30	Conclusions
---------------	-------------

16:00 - 17:30	Type: Joint Symposium Title: ESMO-EONS: Promoting patient safety at clinical and organisational levels	Bilbao Auditorium
---------------	---	-------------------

16:00 - 16:05	Introduction
---------------	--------------

16:05 - 16:25	Patient safety at the clinical and organisational level
---------------	---

16:25 - 16:45	Promoting safety for cancer patients: The ESMO EONS Guidelines for the management of extravasation
---------------	--

16:45 - 17:05	Ethical and financial dimensions of patient safety
---------------	--

17:05 - 17:25	Evidence of the impact of nursing interventions on patients with cancer: Results from a systematic review
---------------	---

17:25 - 17:30	Conclusions
---------------	-------------

16:00 - 17:30	Type: Proffered Paper session Title: Proffered Paper session 5	Alicante Auditorium
---------------	---	---------------------

16:15 - 17:15	Type: Patient Advocacy Track Title: Health services research in cancer	Palma Auditorium
16:15 - 16:30	Health services research in Europe and its use for informing cancer policy	
16:30 - 16:45	Cancer patient experience from referral to hospital performance	
16:45 - 17:00	What cancer patients want	
17:00 - 17:15	Discussion	
17:30 - 19:00	Type: Patient Advocacy Track Title: Debate: Transparency in working with industry	Palma Auditorium
18:00 - 20:00	Type: Industry Satellite Symposium Title: Industry Satellite Symposium 1	Barcelona Auditorium
18:00 - 20:00	Type: Industry Satellite Symposium Title: Industry Satellite Symposium 2	Sevilla Auditorium
18:00 - 20:00	Type: Industry Satellite Symposium Title: Industry Satellite Symposium 3	Pamplona Auditorium
18:00 - 20:00	Type: Industry Satellite Symposium Title: Industry Satellite Symposium 4	Cordoba Auditorium
18:00 - 20:00	Type: Industry Satellite Symposium Title: Industry Satellite Symposium 5	Granada Auditorium
18:00 - 20:00	Type: Industry Satellite Symposium Title: Industry Satellite Symposium 6	Valencia Auditorium
18:00 - 20:00	Type: Industry Satellite Symposium Title: Industry Satellite Symposium 7	Tarragona Auditorium
18:00 - 20:00	Type: Industry Satellite Symposium Title: Industry Satellite Symposium 8	Bilbao Auditorium
18:00 - 20:00	Type: Industry Satellite Symposium Title: Industry Satellite Symposium 9	Alicante Auditorium

18:00 - 20:00 Type: Industry Satellite Symposium Cartagena Auditorium
Title: Industry Satellite Symposium 10

18:00 - 20:00 Type: Industry Satellite Symposium Salamanca Auditorium
Title: Industry Satellite Symposium 11

18:00 - 20:00 Type: Industry Satellite Symposium Jerez Auditorium
Title: Industry Satellite Symposium 12

09-09-2017

08:00 - 09:00 Type: Challenge Your Expert (CYE) session Bilbao Auditorium
Title: Germline aberrations and prostate cancer
Chair(s): R. Eeles, GB

08:00 - 08:10 Germline aberrations and prostate cancer
E. Castro Marcos, Madrid, ES

08:10 - 09:00 Discussion
R. Eeles, London, GB

08:00 - 09:00 Type: Challenge Your Expert (CYE) session Alicante Auditorium
Title: Multimodality therapy of early stage mesothelioma
Chair(s): P. Van Schil, BE

08:00 - 08:10 Multimodality therapy of early stage mesothelioma
P. Baas, Amsterdam, NL

08:10 - 09:00 Discussion
P. Van Schil, Antwerpen, BE

08:00 - 09:00 Type: Challenge Your Expert (CYE) session Cartagena Auditorium
Title: Practical management of toxicities of immunotherapy in cancer patients
Chair(s): P. Ascierto, IT

08:00 - 08:10 Practical management of toxicities of immunotherapy in cancer patients
B. Besse, Villejuif, FR

08:10 - 09:00 Discussion
P. Ascierto, Napoli, IT

08:00 - 09:00	Type: Challenge Your Expert (CYE) session Title: Progress in pancreatic cancer Chair(s): A. Berns, NL	Salamanca Auditorium
08:00 - 08:10	Progress in pancreatic cancer <u>D. Tuveson</u> , Cold Spring Harbor, NY/US	
08:10 - 09:00	Discussion <u>A. Berns</u> , Amsterdam, NL	
08:00 - 09:00	Type: Challenge Your Expert (CYE) session Title: How to use molecular biology in neuro-oncology Chair(s): M. Weller, CH	Jerez Auditorium
08:00 - 08:10	How to use molecular biology in neuro-oncology <u>M. van den Bent</u> , Rotterdam, NL	
08:10 - 09:00	Discussion <u>M. Weller</u> , Zurich, CH	
08:15 - 09:00	Type: Keynote Lecture Title: Clinical implications of tumour evolution	Barcelona Auditorium
08:15 - 09:00	Clinical implications of tumour evolution <u>C. Swanton</u> , London, GB	
08:15 - 09:15	Type: Controversy session Title: Controversy session 1	Granada Auditorium

09:00 - 10:30	Type: Special Symposium Title: Predictive biomarkers for response to immunotherapy Chair(s): D. Speiser, CH	Cordoba Auditorium
09:00 - 09:05	Introduction	
09:05 - 09:25	New biomarkers for response to immunotherapy <u>C. Blank</u> , Amsterdam, NL	
09:25 - 09:45	Biomarkers from biological basis to clinical relevance <u>D. Speiser</u> , Lausanne, CH	
09:45 - 10:05	Can microbiota be a biomarker for immunotherapy? <u>L. Zitvogel</u> , Villejuif, FR	
10:05 - 10:25	Tumour microenvironment: The role of the innate cell <u>M. Colombo</u> , Milano, IT	
10:25 - 10:30	Conclusions and clinical perspectives <u>D. Speiser</u> , Lausanne, CH	
09:00 - 10:30	Type: Proffered Paper session Title: Proffered Paper session 6	Madrid Auditorium
09:00 - 10:30	Type: Educational session Title: Controversial issues in the neoadjuvant approach to early breast cancer Chair(s): N. Harbeck, DE; J. Cortes, ES	Sevilla Auditorium
09:00 - 09:25	Luminal <u>C. Thomssen</u> , Halle, DE	
09:25 - 09:50	Triple Negative Breast Cancer (TNBC) <u>A. Tutt</u> , London, GB	
09:50 - 10:15	HER2 <u>J. Cortes</u> , Madrid, ES	
10:15 - 10:30	Discussion	
09:00 - 10:30	Type: Proffered Paper session Title: Proffered Paper session 7	Pamplona Auditorium

09:15 - 10:45	Type: Special Symposium Title: Immunotherapy in thoracic malignancies: What can we expect in 2017? Chair(s): J. Vansteenkiste, BE; P. Garrido, ES	Barcelona Auditorium
09:15 - 09:20	Introduction <u>P. Garrido</u> , Madrid, ES	
09:20 - 09:40	The role of immunotherapy in non-metastatic NSCLC <u>J. Vansteenkiste</u> , Leuven, BE	
09:40 - 10:00	Upfront immune strategies in advanced NSCLC <u>N. Rizvi</u> , New York, Ny, US	
10:00 - 10:20	Present and future of immunotherapy in small cell lung cancer <u>J. Brahmer</u> , Baltimore, Md, US	
10:20 - 10:40	Is immunotherapy an option in mesothelioma? <u>J. Aerts</u> , Rotterdam, NL	
10:40 - 10:45	Conclusions and clinical perspectives <u>J. Vansteenkiste</u> , Leuven, BE	
09:15 - 10:45	Type: Special Session Title: Access to novel targeted therapies and clinical trials in Europe Chair(s): J. Tabernero, ES; T. Cufer, SI	Tarragona Auditorium
09:15 - 09:20	Introduction <u>J. Tabernero</u> , Barcelona, ES	
09:20 - 09:40	Access to molecular diagnosis: The French model <u>F. Barlesi</u> , Marseille, FR	
09:40 - 10:00	Inequalities in access to treatment <u>T. Cufer</u> , Golnik, SI	
10:00 - 10:20	The patient's view	
10:20 - 10:40	Drug repurposing: New tricks for old drugs <u>R. Bernards</u> , Amsterdam, NL	
10:40 - 10:45	Conclusions <u>T. Cufer</u> , Golnik, SI	

09:30 - 10:30	Type: Controversy session Title: Controversy session 2	Granada Auditorium
---------------	---	--------------------

09:30 - 10:30	Type: Multidisciplinary Session Title: Midgut neuroendocrine tumour progressing on 1st line somatostatin analog: What treatment approach? Chair(s): J. Strosberg, US	Valencia Auditorium
---------------	--	---------------------

09:30 - 09:35	Presentation of case/condition <u>J. Strosberg</u> , Tampa, US
---------------	---

09:35 - 09:40	Systemic therapies for tumour and syndrome control <u>J. Strosberg</u> , Tampa, US
---------------	---

09:40 - 09:45	Panel Discussion
---------------	------------------

09:45 - 09:50	Peptide receptor radionuclide therapy
---------------	---------------------------------------

09:50 - 09:55	Panel Discussion
---------------	------------------

09:55 - 10:00	Hepatic transarterial embolisation: When should it be recommended and which product should be selected? <u>T. de Baere</u> , Villejuif, FR
---------------	---

10:00 - 10:05	Panel Discussion
---------------	------------------

10:05 - 10:30	General Discussion
---------------	--------------------

09:30 - 10:30	Type: Poster Discussion session Title: Poster Discussion session 1	Bilbao Auditorium
---------------	---	-------------------

09:30 - 10:30	Type: Challenge Your Expert (CYE) session Title: Adjuvant systemic therapy in STS and GIST for whom? Chair(s): R. Jones, GB	Alicante Auditorium
---------------	---	---------------------

09:30 - 09:40	Adjuvant systemic therapy in STS and GIST for whom? <u>S. Stacchiotti</u> , Milan, IT
---------------	--

09:40 - 10:30	Discussion <u>R. Jones</u> , London, GB
---------------	--

09:30 - 10:30	Type: Poster Discussion session Title: Poster Discussion session 2	Cartagena Auditorium
09:30 - 10:30	Type: Young Oncologist Special session Title: Clinical cases of solid tumours: Discussion forum for practicing and young oncologists	Jerez Auditorium
09:30 - 09:50	Metastatic colorectal cancer clinical case discussion <u>E. Martinelli</u> , Naples, IT	
09:50 - 09:50	Table coordinator <u>C. Cardone</u> , Naples, IT	
09:50 - 10:10	Unknown primary carcinoma clinical case discussion <u>G. Pentheroudakis</u> , Ioannina, GR	
10:10 - 10:10	Table coordinator <u>M. Karamouzis</u> , Athens, GR	
10:10 - 10:30	Breast Cancer, adjuvant setting, clinical case discussion <u>O. Pagani</u> , Bellinzona, CH	
10:30 - 10:30	Table coordinator <u>R. Vidra</u> , Cluj-Napoca, RO	

11:00 - 12:30	Type: Special Symposium Title: Oligometastatic NSCLC Chair(s): S. Senan, NL	Barcelona Auditorium
11:00 - 11:05	Introduction	
11:05 - 11:25	Definitions and implications of oligometastatic disease

Title: Industry Satellite Symposium 20
Alicante Auditorium

13:00 - 14:30
Type: Patient Advocacy Track
Title: Immuno-oncology
Palma Auditorium

13:00 - 13:15
Immuno-oncology: Overview of existing therapies and what is coming next?

13:15 - 13:30
Predicting response to immune therapies

13:30 - 13:45
Interchangeability between immune therapies

13:45 - 14:30
Discussion

14:45 - 16:15 Type: Educational session Barcelona Auditorium
Title: Molecular targeted therapy of advanced colorectal cancer
Chair(s): G. Middleton, GB

14:45 - 15:10 BRAF mutant patients
M. Ducreux, Villejuif, FR

15:10 - 15:35 MSI
G. Middleton, Birmingham, GB

15:35 - 16:00 Rare mutations
L. Trusolino, Turin, IT

16:00 - 16:15 Discussion

14:45 - 16:15 Type: Proffered Paper session Madrid Auditorium
Title: Proffered Paper session 11

14:45 - 16:15 Type: Educational session Sevilla Auditorium
Title: How to manage ovarian cancer in 2017
Chair(s): S. Pignata, IT

14:45 - 15:10 Biological implications for clinical practice
S. Pignata, Naples, IT

15:10 - 15:35 Front line surgery: Criteria for selection
P. Harter, Essen, DE

15:35 - 16:00 Surgical or medical management of recurrent disease?
A. González-Martín, Madrid, ES

16:00 - 16:15 Discussion

14:45 - 16:15 Type: Joint Symposium Tarragona Auditorium
 Title: ESMO-ESTRO: Lung cancer: Recent development of multimodal treatments

14:45 - 14:50 Introduction

14:50 - 15:10 How to integrate radiotherapy innovations in the multimodality treatment of LA-NSCLC?

15:10 - 15:30 Standard and perspectives for systemic treatments in stage 3?

15:30 - 15:50 Oligometastatic NSCLC: What are the treatment paradigms and how does radiotherapy fit in?

15:50 - 16:10 Oligometastatic NSCLC: When and how to combine systemic therapy and radiotherapy?

16:10 - 16:15 Conclusions

14:45 - 16:15 Type: Joint Symposium Bilbao Auditorium
 Title: ESMO-SIOPE: Tumours at the edge of paediatric and adult oncology: Emphasising collaboration

14:45 - 14:50 Introduction

14:50 - 15:10 Bone and soft tissue sarcomas in AYA as models of multidisciplinary management

15:10 - 15:30 Leukaemias-Lymphomas: New insights from paediatric leukaemia research and clinical trials

15:30 - 15:50 CNS tumours in AYA: Overcoming obstacles with multidisciplinary care

15:50 - 16:10 Mapping the cancer care for AYA in Europe: Current status and needs

16:10 - 16:15 Conclusion

15:00 - 16:00 Type: Poster Discussion session Pamplona Auditorium
 Title: Poster Discussion session 3

15:00 - 16:00	Type: Multidisciplinary Session Title: Vomiting: One symptom, many causes Chair(s): S. Kaasa, NO	Cordoba Auditorium

09:15 - 10:45 Type: Special Symposium Cordoba Auditorium
 Title: Innovative therapies in head and neck cancer
 Chair(s): J.-P. Machiels, BE

09:15 - 09:20 Introduction
J.-P. Machiels, Brussels, BE

09:20 - 09:40 Sense and non-sense of TransOral Robotic Surgery (TORS)
P. Ceruse, Lyon, FR

09:40 - 10:00 Proton therapy
D. Weber, Villigen, CH

10:00 - 10:20 Precision medicine in head and neck cancer: Myth or reality?
L. Siu, Toronto, On, CA

10:20 - 10:40 Window of opportunity in clinical trials for biomarker discovery in head and neck cancer
C. Le Tourneau, Paris, FR

10:40 - 10:45 Conclusions and clinical perspectives

09:15 - 10:45 Type: Special Symposium Madrid Auditorium
 Title: Optimal treatment of RAS mutated patients
 Chair(s): V. Heinemann, DE

09:15 - 09:20 Introduction

09:20 - 09:40 Liquid biopsies
M. Ychou, Montpellier, FR

09:40 - 10:00 Molecular heterogeneity
F. Ciardiello, Naples, IT

10:00 - 10:20 New ways of targeting RAS

10:20 - 10:40 Immunotherapy: MSI and beyond

10:40 - 10:45 Conclusions and clinical perspectives
V. Heinemann, München, DE

11:00 - 12:40	Type: Special Symposium Title: How to manage luminal breast cancer Chair(s): F. Cardoso, PT	Madrid Auditorium
---------------	---	-------------------

11:00 - 11:20 How to classify luminal breast cancer
J. Reis-Filho, New York, Ny, US

11:20 - 11:40 Who benefits from chemotherapy?
F. Cardoso, Lisboa, PT

11:40 - 12:00 Early response assessment
N. Harbeck, Munich, DE

12:00 - 12:20 How much endocrine therapy is long enough?
M. Colleoni, Milan, IT

12:20 - 12:40 Is there an optimal chemotherapy?
A. Di Leo, Prato, IT

11:00 - 12:30	Type: Educational session Title: Optimising treatment of metastatic prostate cancer Chair(s): N. James, GB	Sevilla Auditorium
---------------	--	--------------------

11:00 - 11:25 Why switch treatment? Response biomarkers
H. Scher, New York, Ny, US

11:25 - 11:50 When to treat? How do we define best sequence?
N. James, Birmingham, GB

11:50 - 12:15 Who to treat? Molecular stratification predictive biomarkers
J. Mateo, Sutton, GB

12:15 - 12:30 Discussion

11:00 - 12:30	Type: Joint Symposium Title: ESMO-EORTC-EACR: Tumours with rare oncogenic lesions: From pre-clinical to clinical validation	Pamplona Auditorium
---------------	--	---------------------

11:00 - 11:05 Introduction

11:05 - 11:25 Targeting the stem of cancer: Inhibition of the WNT pathway in colorectal tumours

11:25 - 11:45 Using rare mutations to guide treatment options for drug resistant melanoma

11:45 - 12:05 Vulnerabilities of gliomas with IDH1 mutations

12:05 - 12:25 Biomarkers for PARP responders

12:25 - 12:30 Conclusions

11:00 - 12:30	Type: Special Symposium Title: Targeted therapy in neuro-oncology Chair(s): P. Wen, US	Cordoba Auditorium
---------------	--	--------------------

11:00 - 11:05 Introduction

11:05 - 11:25 What can we learn from patient-derived models?
J. Seoane, Barcelona, ES

11:25 - 11:45 Is IDH a valid therapeutic target in neuro-oncology?
M. Platten, Heidelberg, DE

11:45 - 12:05 Targeting EGFR in glioblastoma: Beyond TKI and ACT IV
M. Weller, Zurich, CH

12:05 - 12:25 Basket & umbrella trials in neuro-oncology
W. Wick, Heidelberg, DE

12:25 - 12:30 Conclusions and clinical perspectives
P. Wen, Boston, MA/US
