

Last update: June 21, 2017

20-set							
	Plenary APOLLON - 1,500 seats						
17:00	Opening Ceremony Prevention of Cognitive Decline and Dementia: fiction or reality? <i>Bruno Vellas (France)</i>						
18:30	Welcome reception						

21-set					21-set		
	Plenary Room ATHENA 750 seats Keynote Lectures	ROOM 1 - CLIO 200 seats	ROOM 2 - THALIE 200 seats	ROOM 3 - ERATO 200 seats	ROOM 4 - URANIE 200 seats EAMA Core Curriculum	ROOM 5 - RISSO A 150 seats	ROOM 6 - RISSO B 150 seats
08:30 10:00	PERSONALISED PREVENTION VERSUS POPULATION-BASED APPROACH Chairs: tbd 1. Personalised prevention in geriatrics <i>Gunnar Akner (Sweden)</i> 2. Pharmacogenetics: does it have a role in geriatrics? <i>Alberto Pilotto (Italy)</i> 3. Population-based prevention: dementia as an example <i>Carol Brayne (United Kingdom)</i>	SIG Symposium - IMPROVING PREVENTIVE SCREENING FOR SARCOPENIA Chairs: tbd 1.The value of SARC-F in the screening of sarcopenia. <i>Marjolein Visser (The Netherlands)</i> 2. The role of ultrasounds in the early assessment of sarcopenia. <i>Stany Perkisas (Belgium)</i> 3. Exploring muscle mass measurements that predict functional outcomes. <i>Gülistan Bahat (Turkey)</i>	Oral Communications	Submitted Symposium Gerontechnology: don't miss the train, but where is the right wagon? <i>Chairs: Stephen Morgan (United Kingdom), Jean Petermans (Belgium)</i> 1. Gerontechnology: for whom and why? <i>Sebastien Piccard (Belgium)</i> 2. Early development and evaluation of technological devices <i>Antoine Piau (France)</i> 3. Textile based sensing <i>Stephen Morgan (United Kingdom)</i> 4. Why does EUGMS need a Strategic Interest Group on gerontechnology <i>Jean Petermans (Belgium)</i>	How to prevent iatrogenic risk? <i>Chair: Mirko Petrovic (Belgium)</i> 1. Anticoagulants and bleeding <i>Wilma Knol (The Netherlands)</i> 2. Benzodiazepine dependence <i>Aline Corvol (France)</i> 3. Antidiabetics <i>Isabelle Bourdel-Marchasson (France)</i>	Oral Communications	Oral Communications
10:00 10:30	Coffee break						
10:30 12:00	Physical activity in prevention <i>Chairs: Yves Rolland (France), tbd</i> 1. Physical activity in community dwelling older people: which intervention should we consider? <i>Roberto Bernabei (Italy)</i> 2. Physical activity in people with dementia: How to prevent the functional decline <i>Erik Rosendal (Sweden)</i> 3. Chronic diseases: what can we expect from physical activity <i>Philippe de Souto Barreto (France)</i>	Promiss Symposium Prevention Of Malnutrition In Senior Subjects in the EU <i>Chairs: Marjolein Visser (The Netherlands, Georg Ruppe (Austria)</i> 1. General outline & objectives PROMISS <i>Marjolein Visser (The Netherlands)</i> 2. Associations of poor diet quality with incident malnutrition in older adults <i>Linda Hengeveld (The Netherlands)</i> 3. Low protein intake, muscle strength and physical performance in the very old <i>Nuno Mendonca (United Kingdom)</i> 4. Dietary protein food patterns are associated with incident frailty and disability <i>Helene Payette (Canada)</i> 5. Physical function and poor appetite among community dwelling older adults <i>Milan Chang (Iceland)</i>	EDA-EUGMS Symposium Improving Delirium Care: An Opportunity for Geriatrics <i>Chairs: Antonio Cherubini (Italy), Alessandro Morandi (Italy)</i> 1. The bedside assessment of delirium: past, present and future. <i>Alasdair MacLulich (United Kingdom)</i> 2. The 2015-2016 Italian delirium day towards a European delirium day. <i>Giuseppe Bellelli (Italy)</i> 3. Delirium evaluation across Europe <i>Anette Hylen Ranhoff (Norway)</i>	Submitted Symposium The FP7 SENATOR Project: ADR Prevention in Multi-morbid Older People in Hospital. <i>Chairs: Alfonso Cruz-Jentoft (Spain), Adalsteinn Gudmundsson (Iceland)</i> 1. Adverse drug reactions in older people and their prevention: the need for a new approach. <i>Mirko Petrovic (Belgium)</i> 2.The SENATOR Project: Genesis & Development <i>Denis O'Mahony (Ireland)</i> 3. The SENATOR Clinical Trial <i>Paul Gallagher (Ireland)</i> 4. ONTOP: Can Non-Pharmacological Interventions be recommended to prevent or reduce critical outcomes in older subjects? <i>Antonio Cherubini (Italy)</i>	How to prevent cardiovascular diseases? <i>Chair: Simon Conroy (UK)</i> 1. how to prevent coronary disease? <i>Tomasz Grodzicki (Poland)</i> 2. how to prevent thrombotic diseases? <i>Sergio Fusco (Italy)</i> 3. how to prevent cardiac decompensation? <i>Burcu Yavuz (Turkey)</i>	30 minutes lecture Gerodontology <i>Anastassia Kossioni (Greece)</i> Oral Communications	Oral Communications

12:00 13:30		Lunch Session EDWARDS Heart valve disease in elderly patients, a focus on Aortic Stenosis <i>Chairs: Francesco Mattace Raso (The Netherlands), Andreas Schönenberger (Switzerland)</i> 1. The aging population & Aortic Stenosis, a disease of the elderly <i>Philippe Chassagne (France)</i> 2. What are the barrier for a patient with AS? From diagnosis to treatment <i>Laurent Dragoul (France)</i> 3. How can the geriatrician get involved in Aortic Stenosis diagnosis and support TAVI treatment <i>Andrea Ungar (Italy)</i> 4. Expansion of indications for patients treated with TAVI – Overview on the changes <i>Guy Lloyd (United Kingdom)</i>	Lunch Session NESTLE' Secondary sarcopenia: Medical conditions increase muscle loss and need for specialized nutrition <i>Chair: Tommy Cederholm (Sweden)</i> 1.Older adults undergoing cancer treatment Chronic kidney disease patients <i>Daniel Teta (Switzerland)</i> 2. Old patients with polymorbidity <i>Kristina Norman (Germany)</i> 3. Older adults undergoing cancer treatment <i>Alessandro Laviano (Italy)</i>	Lunch Session MERCK Herpes Zoster: protecting against the enemy within 1. Welcome and Opening Remarks. 2. Functional decline in Elderly with HERPS ZOSTER 3.Vaccines: expectations and real world evidence 4. Q and A session	Lunch Session NORGINE Constipation in Older People: A Consensus on treatment <i>Chair: Enrique Rey (Spain)</i> 1. Prevalence of older constipation in the older population Enrique Rey (Spain) 2. Discuss the guidance available in the different countries included in publication. Maria Cristina Neri (Italy) 3. Review precis of guidance and then go on to present the consensus statements and the flowchart included in the publication. Anton Emmanuel (U.K.) 4. Potential time to discuss a case study with good/ bad management that will highlight the need for guidance in this age group - Enrique Rey (Spain)	EAMA CORE CURRICULUM WORKSHOP 1 Screening & prevention in older adults in primary care <i>(max 40 participants, with voting system) 1 teacher & 1 EAMA student: Nele Van Den Noortgate (Belgium)</i>	Lunch Session 12:00-12:30 MENARINI <i>Chair: A. Benetos (Greece) Gout and cardiovascular diseases- G.B Desideri</i>
13:30 15:00	How to assess the efficacy of preventive strategies in older subjects <i>Chairs: tbd</i> 1. Searching for the ideal clinical study design: The Quest for the Holy Grail? <i>Emmanuel Lesaffre (Belgium)</i> 2. Extrapolating from fit to frail. Is it possible? <i>Antonio Cherubini (Italy)</i> 3. A life course approach to preventive strategies in older people <i>Avan Sayer (United Kingdom)</i>	SIG Symposium - Secondary prevention in fragility fracture <i>Chairs: Paolo Falaschi (Italy), tbd</i> 1. Fracture liaison services: what is the evidence? <i>Finbarr Martin (United Kingdom)</i> 2. Antiosteoporotic treatment for secondary prevention <i>Nicola Napoli (Italy)</i> 3. Falls prevention and Rehabilitation after fracture <i>Hubert Blain (France)</i> 4. Role of an Audit in secondary prevention <i>Dave Marsh (United Kingdom)</i>	The challenge of the clinical decisions in frail multimorbid older subjects: results and recommendations from the european MPI_Age Project <i>Chairs: Stefania Maggi (Italy), Alberto Pilotto (Italy)</i> 1. Prognosis and "precision medicine" in older subjects <i>Luigi Ferrucci (USA)</i> 2. Education of Health-Care Professionals about the Multidimensional Approach to the older Subject <i>Maria Cristina Polidori (Germany)</i> 3. Multidimensional Prognostic Index (MPI) in clinical practice <i>Alberto Pilotto (Italy)</i> 4. Recommendations from the MPI_AGE European Project <i>Alfonso Cruz-Jentoft (Spain)</i>	Submitted Symposium Activating older people to plan future care: advance care planning <i>Chairs: Giovanni Gambassi (Italy), Nele Van Den Noortgate (Belgium),</i> 1. Prevalence and characteristics of Advance Directives among nursing home residents in Belgium, the Netherlands, the UK, Poland, Italy and Finland: EU funded PACE project <i>Katarzyna Szczerbinska (Poland)</i> 2. Opportunistic and planned conversations about future care: the implementation of ACP as part of an innovative palliative care intervention 'PACE Steps to Success' in nursing homes <i>Sophie Pautex (Switzerland)</i> 3.Advance care planning in dementia <i>Nele Van Den Noortgate (Belgium)</i> 4.The need for a whole system approach to optimally implement Advance care Planning in the nursing home context: development of a complex intervention <i>Lieve Van den Block (Belgium)</i>	How to prevent delirium? <i>Chair: Anett Hylen Ranhoff (Norway)</i> 1. in post-intervention <i>L.O. Watne (Norway)</i> 2. in emergency room <i>Steffen Schlee (Germany)</i> 3. in nursing homes <i>Sophie Allepaerts (Belgium)</i>	30 minute lecture Jane Barratt the role of NGO's on health promotion and healthy aging Oral Communications	Oral Communications
15:00 15:30	Coffee break						
15:30 17:00	Nutrition and prevention of aging-associated disease <i>Chairs: tbd</i> 1.Nutrition, frailty and longevity <i>Cornel Sieber (Germany)</i> 2. Mediterranean diet and prevention of cardiovascular diseases <i>Francesco Sofi (Italy)</i> 3. Nutrition and prevention of dementia <i>Miia Kivipelto (Finland)</i>	Pro/Cons Symposium 1 <i>Chairs: Athanase Benetos (France)</i> A .Goals of antihypertensive treatment in the frail Is SPINT applicable (Y/N) <i>Pros: Tomasz Grodzicki (Poland) Cons: Ute Hoffmann (Germany)</i> B. Direct Oral anticoagulants in the very old (Y/N) <i>Pros: Olivier Hanon (France) Cons: Pierre-Olivier Lang (Switzerland)</i>	Prevention in Nursing Home <i>Chairs: Yves Rolland (France), Mirko Petrovic (Belgium)</i> 1. How to prevent inappropriate drugs prescription in Nursing Home <i>Harriet Finne-Soveri (Finland)</i> 2. When to stop preventive drugs in Nursing Home <i>Graziano Onder (Italy)</i> 3. Can we limit psychotropic drugs prescription in Nursing Home resident with dementia? <i>Sylvie Bonin-Guillaume (France)</i>	Submitted Symposium European Training Collaborations in Geriatric Medicine in a time of Political Uncertainty <i>Chair: Adam Gordon (United Kingdom), Monica van Eijk (The Netherlands)</i> 1. The European Academy for Medicine of Ageing (EAMA) – Adapting to changing models of geriatric care <i>Regina Roller-Wirnsberger (Austria)</i> 2. Building Competencies through Overseas Fellowship – A Lithuanian's Experience in the UK <i>Asta Mastaviciute (Lithuania)</i> 3. Building an Educational Exchange in Medicine of Older People across two European Countries <i>Anouk Kabboord (The Netherlands), Barry Evans (United Kingdom), Rachel Cowan (United Kingdom)</i>	How to prevent early & unplanned hospital readmission? <i>Chair: Anne Ekdahl (Sweden)</i> 1. After acute care (including Emergency room discharge) <i>Luis Mieirol (United Kingdom)</i> 2. After subacute care <i>Katrin Singler (Germany)</i> 3. During chronic care (e.g nursing homes) <i>Yves Rolland (France)</i>	Oral Communications	Oral Communications

17:00 18:30		Sponsored Symposium NUTRICIA The importance of nutritional intervention for frail elderly patients	Sponsored Symposium GSK The Era of Healthy Ageing: Can vaccination against pertussis have a role? <i>Chairs: Jane Barratt (USA), Antonio Cherubini (Italy)</i> 1. Welcome and introduction. <i>Jane Barratt (USA)</i> 2. Vaccine-preventable diseases in older adults. <i>Johan Flamaing (Belgium)</i> 3. Pertussis disease in older adults. <i>Nicole Guiso (France)</i> 4. Pertussis vaccination in older adults <i>Walid Kandeil (Belgium)</i> 5. Panel discussion and Q&A. <i>Antonio Cherubini (Italy)</i>	Sponsored Symposium SIGMA TAU Peripheral Neuropathy, Chronic Pain and depression in the elderly <i>Chair: S. Maggi (Italy), T. Strandberg (Finland)</i> 1. Clinical approach to peripheral neuropathy and chronic pain: unmet needs. <i>C. Sieber (Germany)</i> 2. New pharmacological targets in the treatment of neuropathic pain and related depression <i>F. Nicoletti (Italy)</i> 3) Acetyl-L- Carnitine in peripheral neuropathy and depression: overview of literature <i>S. Jann (Italy)</i>	Sponsored Workshop ONTEX h17,00/18,00 Improving detection and intervention in older patients with Urinary Incontinence <i>Chair: Carlos Verdejo.</i>	EAMA CORE CURRICULUM WORKSHOP 2 Social Isolation: how to improve the care of socially isolated older patient? (max 40 participants, with voting system) <i>Sylvie Bonin-Guillaume (France), Marie de Saint-Hubert (Belgium)</i>

22-set					22-set		
	Plenary Room ATHENA 750 seats Keynote Lectures	ROOM 1 - CLIO 200 seats	ROOM 2 - THALIE 200 seats	ROOM 3 - ERATO 200 seats	ROOM 4 - URANIE 200 seats EAMA Core Curriculum	ROOM 5 - RISSO A 150 seats	ROOM 6 - RISSO B 150 seats
08:30 10:00	Is frailty a good concept for preventive strategies? <i>Chairs: Alfonso Cruz-Jentoft (Spain), Matteo Cesari (France)</i> 1. Prevention and early diagnosis of frailty and functional decline <i>Tomasz Kostka (Poland)</i> 2. Modulate the prevention strategy according to the level of frailty <i>Leocadio Rodríguez-Mañas (Spain)</i> 3. Self-reported screening tools for detecting community-dwelling older persons with frailty <i>Matteo Cesari (France)</i>	SIG Symposium in collaboration with AMDA - Core Competencies for LTC-Physicians <i>Chairs: Olafur Samuelsson (Iceland), Daniel Swagerty (USA)</i> 1. LTC-SIG introduction: spec in geriatrics <i>Olafur Samuelsson (Iceland)</i> 2. AMDA Competencies for Post-Acute and Long Term Care Medicine: Advancing Physician Clinical Competency, Commitment and Integration <i>Daniel Swagerty (USA)</i> 3. Geriatrics in primary care, the Dutch way: educational programs for nursing home physicians and family physicians <i>Wilco Achterberg (The Netherlands)</i> 4. ELTECA experience in long term care of Central and Eastern Europe <i>Katarzyna Wieczorowska-Tobis (Poland)</i>	EUGMS-IOF-ESCEO Symposium - Does nutrition play a role in the prevention and management of sarcopenia? <i>Chairs: Stefania Maggi (Italy), Jean-Yves Reginster (Belgium)</i> 1. Introduction and scope of the problem <i>Charlotte Beaudart (Belgium)</i> 2. Role of Calcium and Vitamin D <i>René Rizzoli (Switzerland)</i> 3. Role of proteins and other nutrients Marjolein Visser (The Netherlands) 4. Interaction between nutrition and exercise <i>Olivier Bruyere (Belgium)</i> 5. Discussion <i>Stefania Maggi (Italy)</i>	Submitted Symposium Arterial component of the Alzheimer disease <i>Chairs: A. Benetos, tbd</i> 1. Arterial stiffness and Alzheimer disease, a simple association? <i>Athanase Benetos (France)</i> 2. Cognitive decline, arterial stiffness and antihypertensive treatment <i>Chakravarth Rajkumar (United Kingdom)</i> 3. Vascular aging and cognitive decline. The Rotterdam study <i>Francesco Mattace-Raso (The Netherlands)</i>	How to prevent "avoidable" disability? <i>Chair: Karen Andersen-Ranberg (Denmark),</i> 1. How to rehab it? Kaisu Pitkala (Finland) 2. How to avoid it? <i>Samuel Périvier (Switzerland)</i> 3. How to limit it ? <i>TBD</i>	Oral Communications	Oral Communications
10:00 10:30	Coffee break						

10:30 12:00	Controversies in cancer screening after the age of 65 years <i>Chairs: Laure Dedecker (France), Mirko Petrovic (Belgium)</i> 1.Breast cancer (screening) in older individuals: the oncologist's viewpoint for the geriatrician <i>Hans Wildiers (Belgium)</i> 2. Until what age should we screen for cancer? <i>Ioannis Karaitianos (Greece)</i> 3. Individual cancer screening: can geriatric screening tools provide a response ? <i>Elena Paillaud (France)</i>	Pros/Cons Symposium 2 <i>Chair: Maria Soto-Martin (France)</i> C. Use of antioxidants in preventive cognitive decline (Y/N) Pros: <i>TBD</i> Cons: <i>Antonia Trichopoulou (Greece)</i> D. Statins after 80 (Y/N) Pros: <i>Timo Strandberg (Finland)</i> Cons: <i>Line Kikerby Petersen (Denmark)</i>	Submitted Symposium - Emergency Geriatric Medicine: Prevention of functional decline in older patients after ED visit or acute hospitalization <i>Chairs: Sarah Turpin (United Kingdom), Christian Nickel (Switzerland)</i> 1. The Acute Frailty Network <i>Simon Conroy (United Kingdom)</i> 2. The Acute Care for Elders Collaborative <i>Anna Bjorg Jonsdottir (Iceland)</i> 3. Hospital ADL Study <i>Bianca Buurman (The Netherlands)</i>	Submitted Symposium Malnutrition in older adults (MaNuEL) – an introduction to this European collaborative Knowledge Hub and first results. <i>Chairs: Marjolein Visser (The Netherlands), Dorothee Volkert (Germany)</i> 1. The Malnutrition in the Elderly Knowledge Hub: a project overview <i>Dorothee Volkert (Germany)</i> 2. The effectiveness of nutritional interventions in older adults across different health care settings <i>Ilse Reinders (The Netherlands)</i> 3. Nutritional screening tools used and validated in older adults in various settings <i>Lauren Power (Ireland)</i> 4. Determinants of incident malnutrition in older persons: results of a multi-cohort meta-analysis <i>Melanie Streicher (Germany)</i>	How to prevent cognitive decline? <i>Chair: Maria Soto Martin (France)</i> 1. at normal cognitive aging stage <i>Thomas Jackson (United Kingdom)</i> 2. at MCI stage <i>Sofia Duque (Portugal)</i> 3. at dementia stage <i>Matteo Tosato (Italy)</i>	30 minutes lecture: <i>The ageing phenotype: beyond description Luigi Ferrucci (USA)</i> Oral Communications	Oral Communications
12:00 13:30	Lunch	Lunch Session MERCK Adult Pneumococcal Vaccination: Analysing Real World Data 1. Welcome and Opening Remarks. 2. Changing epidemiology of pneumococcal disease in the era of PCV 3. Pneumococcal Vaccine Efficacy, Effectiveness, Immunogenicity (PPV and PCV): Recent data 4. Policy decision-making process (STIKO, ACIP). 5. Q and A session	Lunch Session ABBOTT <i>Loss of muscle mass and function: implications for clinical practice</i> 1. Welcome & Introductions. <i>Ricardo Rueda</i> 2. Skeletal muscle as a dynamic organ that orchestrates whole body metabolism - Dr. Josep Argilés (Spain) 3. beyond bmi: Nutritional strategies to manage loss of muscle mass and function in patients in hospital and the community. <i>Francesco Landi (Italy)</i> 4. Panel Discussion Q&A	12:00-12:30 FIDIA <i>Chair: S. Maggi (Italy)</i> Osteoarthritis and hyaluronic acid <i>Leonardo Punzi (Italy)</i> 12:30-13:00 13:00-13:30	EAMA WORKSHOP 3 How to write a scientific paper (lecture& discussion) <i>David Scott (United Kingdom), Jean-Pierre Michel (Switzerland), Alfonso Cruz-Jentoft (Spain)</i>	Lunch	Lunch
13:30- 15:00	Antioxydants and vitamins: interests in prevention <i>Chairs: tbd</i> 1. Vitamins and frailty <i>Tamas Fulop (Canada)</i> 2. Extracellular matrix aging: are vitamins and redox status involved? <i>Sylvie Ricard-Blum (France)</i> 3. What does vitamin D prevent in older people? Update on do-healt trial? <i>Heike Bishoff-Ferrari (Switzerland)</i>	EUGMS - ESPRM Symposium - PREVENTION FOR PERSONS AGING WITH DISABILITY <i>Chairs: Alain Delarque (France), Jean-Pierre Michel (Switzerland)</i> 1. Prevention of loss of autonomy for disabled elderly <i>Xanthi Michail (Greece)</i> 2. Preventing urinary incontinence through Pelvic floor rehabilitation of disabled elderly <i>Paolo Di Benedetto (Italy)</i> 3. Specific recommendations for screenings that should be incorporated into the overall health care plan for individuals with disabilities <i>TBD</i> 4. Promoting healthy aging among people who already have mobility disabilities <i>Jean-Pierre Michel (Switzerland)</i>	Submitted Symposium THE 5-COOP STUDY. CROSS-NATIONAL COMPARISON OF HEALTH IN CENTENARIANS - NEW INSIGHTS <i>Chair: Jeune, Bernard (Denmark)</i> 1. Background and Methodology <i>Jean-Marie Robine (France)</i> 2. Cognitive and Mental Health <i>Francois Herrmann (Switzerland), Dina Zekry (Switzerland)</i> 3. Morbidity <i>Karen Andersen-Ranberg (Denmark), Bernard Jeune (Denmark)</i> 4. Frailty <i>Marie Herr (France)</i>	Submitted Symposium Lessons from using the LPZ prevalence measure to benchmark quality of care across three countries <i>Chair: Adam Gordon (United Kingdom), Jos Schols (The Netherlands)</i> 1.Which pressure ulcer preventive measures are used in Dutch nursing homes? A longitudinal study from 2005-2014. <i>Martin van Leen (The Netherlands)</i> 2. Structural quality indicators of care problems in Austrian hospitals over a 3-year period <i>Doris Eglseer (Austria)</i> 3. Can and should the LPZ-i be implemented in the UK? <i>Adam Gordon (United Kingdom)</i>	How to prevent recurrent falls? <i>Chair: Martin Finbarr (United Kingdom)</i> 1. Using new technologies <i>Achille Tchalla (France)</i> 2. How to prevent fear of falling <i>Kasiukiewicz Agnieszka (Poland)</i> 3. How to prevent falls with injury <i>TBD</i>	30 minutes lecture: WHO new integrated care model: clinical interventions to prevent loss of physical and mental capacities <i>Islene Araujo de Carvalho (Switzerland)</i>	Oral Communications
15:00 15:30	Coffee break						

15:30 17:00	E-Health and active aging Chairs: tbd 1. E-Health and active aging Clemens Becker (Germany) 2. eHealth policy innovation in Europe Mathilde Demory (France) 3. Using an eHealth intervention to stimulate health behavior for the prevention of cognitive decline Esther Karssemeijer (The Netherlands)	SIG Symposium - Prevention of infectious disease and negative outcome Chairs: Stefania Maggi (Italy), Johan Flamaing (Belgium) 1. Recommendation for vaccine: recommendation from the 2017 EICA-EUGMS Stakeholder meeting Stefania Maggi (taly) 2. Prevention of bacterial transmission: what is efficient? TBD 3. Malnutrition-associated infection: Is there any evidence ? Cornel Sieber (Germany) 4. Functional-decline-associated infection is there a place for prevention G. Gavazzi (France)	Submitted Symposium What's new in withdrawal of fall-risk-increasing drugs presentation of the EIP AHA A1 Synergy Taskforce on FRID Chairs: Tahir Masud (United Kingdom), Hubert Blain (France) 1. Fall-risk-increasing drugs: a systematic review Lotta Seppälä (The Netherlands) 2. Pharmacogenetics and drug-related falls and introduction of EIP AHA A2 Synergy taskforce on FRID - group Nathalie van der Velde (The Netherlands) 3. Medicine use and Alzheimer's disease (MEDALZ) study Sirpa Hartikainen (Finland) 4. A quality improvement initiative on the use of psychotropic drugs in nursing homes in Flanders, Belgium Mirko Petrovic (Belgium)	Oral Communications	What is behind sleep complaints? Chair:tbd 1. Sleep and aging TBD 2. Sleep apnea Thomas Münzer (Switzerland) 3. Restless leg syndrome Kiyoka Kinugawa (France)	Oral Communications	Oral Communications
17:00 18:00	CLOSING CEREMONY Highlights of the EUGMS 2017 Congress Jean Baptiste Beuscart (France) Miguel Toscano (Portugal)
