

MONDAY

0800-1600	Registration Desk Opens Pick up your name badge during these hours. With thanks to  Don't forget to pick up the delegate gift. While stocks last. With thanks to 	Foyer of Great Halls
0830-1200	DVA workshop (TBC)	
1200-1600	Speaker Prep Room Opens	M10
0830-1615	Prayer Room Opens	M7&8
Download the mobile app to access the program, information about the congress, take part in the exhibition draw and get updates on the go! Details will be made available closer to the date of the congress. With thanks to  SAAB		
1300-1530	Opening Plenary	Great Halls 1&2
	Opening Ceremony + Welcome to Country	
	Major General Timothy Hodgetts <i>Surgeon General, UK Defence Medical Services</i>	
1530-1630	Official Opening of the Exhibition	Great Halls 3&4
1800-2000	Welcome to Queensland Reception	Leisure Deck, The Star Brisbane
	Join us at the Welcome Reception where you'll enjoy local wines and cuisines while connecting with like-minded professional from the industry. We welcome all registered delegates to attend this networking opportunity whilst enjoying breathtaking views from The Star Brisbane. Dress Code: Business casual or neat casual	

TUESDAY

0800-1600	Registration opens Pick up your name badge during these hours. With thanks to  Don't forget to pick up the delegate gift. While stocks last. With thanks to 	Foyer of Great Halls
0800-1600	Barista carts available at the exhibition hall. With thanks to    	
0800-1700	Speakers room opens	M10
0800-1700	Prayer room opens	M7&8
1030-1600	Exhibition opens Looking for a space to take relax and catch up with peers, visit the At Ease Lounge. With thanks to  Watch the sessions in Great Halls 1&2 at the Plenary Overflow lounge. With thanks to 	Great Halls 3&4

Download the mobile app to access the program, information about the congress, take part in the exhibition draw and get updates on the go! Details will be made available closer to the date of the congress.

0800-0845	Keynote Presentation				Great Halls 1&2
	Junior Sergeant Igor Ivashchenko <i>Deputy Chief of the Medical Service of the International Legion (Armed Forces of Ukraine)</i>				
Time	Session 1: Frontline Fluids: Innovating Blood Management in Military Medicine Great Halls 1&2	Session 2: The Dental Front: Navigating Oral Health in Military Medicine M1	Session 3: Guardians of Health: Vaccine-Driven Strategies for Force Protection M2	Session 4: From Service to Civvy: Pathways for Veteran Support and Health P3&4	Session 5: Ethics Workshop M3
0900	What product for Large Scale Combat Operations? Elissa Milford <i>Australia</i>	Pharyngeal airway evaluation following isolated surgical mandibular advancement: A 1-year follow-up Gagan Deep Kochar <i>India</i>	Investigating Psychoneuroimmunological Responses to the Influenza Vaccine: Towards a Deployable Human Integrated Sensor System Juliana Bajic <i>Australia</i>	Unseen Battles: Exploring the Complex Landscape of Mental Health Challenges among Military Veterans Arun Gupta <i>India</i>	Military Medical Ethics Andreas Stettbacher <i>Switzerland</i>
0905					
0910			Design and validation of molecular tools for Norovirus field diagnostic Anja Petrov-Salzwedel <i>Germany</i>	Supporting Veterans in Primary Healthcare Richard Nankervis <i>Australia</i>	
0915					
0920	Platelets and FFP Andrew Flint <i>Australia</i>	Restoring function and esthetics in young trainee cadets with dentoalveolar trauma: Applying Minimally Invasive Implant Restorative Protocol(MIIR) Manish Rath <i>India</i>	Lessons learnt from the implementation of "new" antiretroviral guidelines for South Africa into a military setting: a multidisciplinary approach Dhesithri. Achary <i>South Africa</i>	Feasibility of a Reintegration Training Program for Current Serving Members Separating from Military Service Kelly Brown <i>Australia</i>	
0925					
0930			Activation of Latent Visceral Leishmaniasis in a Southwest Asia-Deployed Population of Subsequently Immunosuppressed U.S. Servicemembers Edgie-mark Co <i>Thailand</i>	Management of complex mental health issues: evidence for a dual continuum approach to understanding and meeting the needs of veterans Ellie Lawrence-Wood <i>Australia</i>	
0935					
0940	Dried Plasma Andre Cap <i>Australia</i>	Machine Learning and Dental Military Readiness – A Tool for Predicting Malignant Oral Lesions Benjamin Pass <i>United States</i>	Analyse de la riposte ebola au nord-kivu et en ituri, avril 2018-janvier 2019 Gertride Luyeye <i>Congo</i>	Patterns of comorbidity in Defence members and veterans accessing integrated care services – an Australian cohort study Cameron Korb-Wells <i>Australia</i>	
0945					
0950	ADF Pathology: Laboratory challenges in the provision of blood Julie Lakotij <i>Australia</i>		Efficacite du regime therapeutique avec dolutegravir chez les pvvvh dans la zone de sante kokolo Gertride Luyeye <i>Congo</i>	Enhancing Mental Health Care Access to Tasmanian Veterans and Families Jonathan Lane <i>Australia</i>	
0955					
1000		Aerodontalgia (barodontalgia) in a Greek military pilot – case report Georgios Zacharopoulos <i>Greece</i>	Facteurs associes a l'acceptation de la vaccination contre la covid-19 dans la zone de sante de kokolo Gertride Luyeye <i>Congo</i>	Interactions between veterans and first responders during suicide-related calls: From the lens of veterans, their family, the ambulance and police Emina Prguda <i>Australia</i>	
1005					
1010	Identification of potential low titre group O whole blood donors in the Australian Army Julian Williams <i>Australia</i>	"Sticky tooth", socket preservation using an autologous dentine graft in combination to prf. case report and 3 years follow up Georgios Zacharopoulos <i>Greece</i>	Vaccination in Brazilian military personnel. Prevention to combat biological agents José Figueiredo <i>Brazil</i>		
1015					
1020	Tranexamic Acid Administration in Pre-hospital Field Care: Review and Implications for Improved Trauma Management Felix Ho <i>Australia</i>	Military Dentistry – A Paradigm Shift in Perspective for Biting Fit Military Narender Singh <i>India</i>	Pre-clinical and clinical efficacy of attenuated and killed whole parasite blood-stage malaria vaccines Associate Prof Danielle Stanisic <i>Australia</i>		
1025					
1030					
1035-1105	Morning Tea				Great Halls 3&4
Time	Session 6: Partners in Progress: Forging Forward with Military-Civilian Integration Great Halls 1&2	Session 7: Flightpath to Wellness: Navigating Challenges in Aeromedical Services M1	Session 8: Vital Signs: Advances in Health Monitoring & Biomarkers M2	Session 9: Beyond the Battlefield: Navigating Veteran Transition and Support P3&4	Session 10: Self Care Workshop M3
1110	Challenges in the Management of complex musculoskeletal infections from combat zones Andrej Trampuz <i>Australia</i>	Molecular pathology in aircraft accident investigation – new developments and their application in aeromedical examination and military medicine Michael Schwerer <i>Germany</i>	Urinary metabolomics from military personnel with overweight like a monitoring form Melchor Castro <i>Mexico</i>	"I'm old, I'm ugly, and everything leaks....hand me a beer!": Supporting older veterans in residential aged care Nathan Klinge <i>Australia</i>	Self-Care for the Health Care Professional Darci Miller, Chris Brentin <i>Australia</i>
1115					
1120					
1125	How would the Australian civilian healthcare sector contribute to the support to major military operations in our region? Anthony Chambers <i>Australia</i>	Helmet worn mass and implications for the neck- analysis of helmet configuration, vibration and G-force on neck load Phil Newman <i>Australia</i>		One paycheck away: The pathway to homelessness for our veterans Nathan Klinge <i>Australia</i>	
1130			Determination of Physiological and Molecular Biomarkers for the Development of Novel Performance Patch Sensors Tony Parker <i>Australia</i>		
1135					
1140	Strategies and Initiatives to reduce polymicrobial Infections Andrej Trampuz <i>Australia</i>			Post-traumatic stress disorder and inflammation in veterans and military personnel: A systematic review Neanne Bennett <i>Australia</i>	
1145					
1150			Real-Time physical performance monitoring of military personnel Prof Chamindie Punyadeera <i>Australia</i>		
1155	Bridging the Civilian-Military Divide for ADF General Surgeons Jane Kee <i>Australia</i>			Conditions for integrating people capability and mental wellbeing in the Australian Defence Force: Individual and organisational perspectives Kylie Tuppin, Martine Cosgrove <i>Australia</i>	
1200					
1205	Contracted Solutions for Far Forward Operations Catherine Davison <i>United Arab Emirates</i>				
1210					
1215					
1220					
1225-1325	Lunch				Great Halls 3&4
1330-1600	General Assembly (by invite only)				M4
Time	Session 11: Frontline Lifelines: Innovating Critical Care in Forward Operations Great Halls 1&2	Session 12: Optimized Warriors: Health and Human Performance Systems M1	Session 13: Defending the Force: Advances in CBRN Detection and Treatment M2	Session 14: Families, Veteran, Moral Injury & Spirituality P3&4	Session 15: Gender Based Violence M3
1330	Role of radiology and imaging in high altitude related illnesses Manoj Gopinath <i>India</i>	How to stay 'Left of Bang': Protecting Defence's most valuable asset through a systematic approach to physical health and performance Emma Williams <i>Australia</i>	Efficacy of RSDL® (Reactive Skin Decontamination Lotion Kit) against Novichok Nerve Agents Laura Cochrane <i>United Kingdom</i>	(Lived) Expertise + (Research) Evidence: A Formula for Improving Military Veteran and Family Mental Health MaryAnn Notarianni, Fardous Hosseiny, Brian McKenna <i>Canada</i>	Preventing Gender Based Violence Workshop Lynn Lieberman Lawry <i>Country</i>
1335					
1340	Ecmo in the battlefield: optimizing critical care for advancing military healthcare in forward support operations Krishna Kumar <i>India</i>	The Royal Navy's Musculoskeletal Injury Mitigation Programme; A Whole System Approach to Deliver Impact in the Military Setting Joanne Fallowfield <i>United Kingdom</i>		Restore & Rebuild: A co-designed psychological treatment for moral injury-related mental health difficulties Victoria Williamson <i>United Kingdom</i>	
1345					
1350	Diagnostic predictability of using portal vein diameter in confirming portal hypertension V.S Srikanth <i>India</i>		The mechanism of ECs-HSCs transition in bone marrow hematopoiesis repair after irradiation Zhongjun Li <i>China</i>	Feasibility, Acceptability, and Initial Outcomes of a Psychological Adjustment and Reintegration Program for Transitioned Military Veterans Madeline Romaniuk <i>Australia</i>	
1355					
1400	Evaluation of the examination quality of medical officers in focused assessed transthoracic echocardiography (FATE) at the Bundeswehr Hospital Hamburg Lorenz Scheit <i>Germany</i>	Shifting the narrative from risk to value realisation: the importance of understanding and measuring impact to prioritise action Julia Carins <i>Australia</i>		The impact of mentored creative engagement on the wellbeing of the ADF's wounded, injured and ill personnel Geoff Grey <i>Australia</i>	
1405					
1410	Deployable CT in a near peer conflict – more than just a pan-scan Steve Rusman <i>Australia</i>	Musculoskeletal injury prevention; a holistic approach to soldier health for sustaining workforce readiness Jace Drain <i>Australia</i>	The strategy for the treatment of radiation-induced intestinal injury in nuclear accidents based on the regulation mechanism of intestinal metabolites Junye Liu <i>China</i>	Spiritual Dimension in Military Medicine: An International and Interdisciplinary Context Tatiana Letovaltseva, Pawel Cecha, Stephen Krauss, Jan Grmell <i>Belgium</i>	
1415					
1420	Prolonged Field Care for Musculoskeletal Injuries: Is Portable Ultrasound the Answer? Jon Umlauf, Scott Grogan <i>United States</i>			Caring for the Carer – psychosocial impact of COVID19 and indicators of moral injury and resilience in UK DMS personnel Kristian Mears <i>United Kingdom</i>	
1425					
1430	Could new cuffed oropharyngeal airway be an alternative for both airway control and ventilation in Tactical Field Care? Hulya Turkan <i>Turkey</i>	Cardiorespiratory fitness characteristic and the effect of ubiquinol during high-altitude acclimatization and de-acclimatization: the Shigatse CARdiorespiratory Fitness (SCARF) study Jie Yang <i>China</i>	Aptamer selection for bacterial toxins detection and therapeutic synergy: Spotlight on future solutions Karen Medina-Quero <i>Mexico</i>	Peer-Led Seeking Safety: Translating an evidence-based practice model for veterans' support organisations Camila Guidalini <i>Australia</i>	
1435					
1440	Designing the next-generation diagnostic devices for individuals suffering from limb loss to improve battlefield-feasible diagnostic capabilities Prof Lauren Frossard <i>Australia</i>	Organizing Care Pathways for Injured Soldiers: A Proposal for a Military Model of Coordinating Care Guillaume Cassouret <i>France</i>	Survive Surprise – Alert and alarm levels for radiation exposure can shift the survival curve to the right John Magnussen <i>Australia</i>	Evidence-based interventions for family caregivers of military personnel and veterans: A rapid review Angeli Tabinga <i>Australia</i>	
1445					
1450			Protecting deployed health assets – Early Radiological and Nuclear detection in the field Gabrielle Betros <i>Australia</i>		
1455					
1455-1525	Afternoon tea				Great Halls 3&4
Time	Session 16: Rescue and Recovery: Forward Operations Evacuation Great Halls 1&2	Session 17: Vigilant Guard: Surveillance Strategies and Management for Musculoskeletal Health M1	Session 18: Defending Life: CBRN Medical Countermeasures M2	Session 19: Warrior Women: Advancing Women's Health P3&4	Session 20: Concussion Workshop M3
1530	MCAT state of the art training Andrew Pearce <i>Australia</i>	Musculoskeletal injuries: burden estimation and under-reporting in military forces Rod Pope <i>Australia</i>	Allosteric Modulators as Novel Nerve Agent Medical countermeasures Georgina Thompson <i>Australia</i>	Evaluation of Gender Disparity in Tactical Combat Casualty Care Shanna Vaughan <i>Germany</i>	Return to Duty: Using Manual Therapy to Progress Rehabilitation from Concussion Derek Vraa, Kyle East, Eric Wilson <i>United States</i>
1535					
1540		Risk Factors for Poor Recovery in Active-Duty Military Members with Musculoskeletal Injuries: A Systematic Review Simon Olivotto <i>Australia</i>		Managing Menopause in Military Women Tara Kinnane <i>Australia</i>	
1545					
1550	RWAME the art of possible? Ben Butson & David Coosley <i>Australia</i>	Musculoskeletal-injury related healthcare avoidance in Australian infantry personnel: A mixed-method study Joanne Stannard <i>Australia</i>	Design and Evaluation of a Bioscavenger Medical Countermeasure for Nerve Agent Poisoning Joanne Allard <i>Australia</i>		
1555					
1600		Fatigue: Contributors, Types, Impacts, and Assessments Graham Marvin <i>Australia</i>		Preventative Care and Contraception in Military Women Tara Kinnane <i>Australia</i>	
1605					
1610	Are They Here Yet? Identifying Key Stakeholders and Barriers to Burn Patient Transport within the UAE Eleanor Curtis <i>United Arab Emirates</i>	Deep Learning for the Detection of Sacroiliitis and Ankylosing Spondylitis from CT Scans in ROK military hospitals Donghoon Kim <i>South Korea</i>	Next generation auto-injectors for the treatment of intoxications with chemical warfare agents Nadja Herkert <i>Germany</i>	Evaluation of contraceptive methods and control of menstrual flow in women in training course in the Brazilian Army Military Academy Ana Leticia Salomone De Oliveira <i>Brazil</i>	
1615					
1620	How can we support our deployed or remote clinical staff to provide timely specialist clinical and coordination advice? Andrew Pearce <i>Australia</i>	Injuries in the Canadian Armed Forces – a summary of administrative health data Michael Elten, Scott Malcolm <i>Canada</i>			
1625					
1630	Integrating Technology and Centralized Healthcare Control in the ROK Military: The Evolutionary Journey of the Medical Emergency Operations Center Donghoon Kim <i>South Korea</i>	Identifying and mitigating injuries in female soldiers Ben Schram <i>Australia</i>	Advantages of Addressing Biological Threats using High Density – Micro Array Patch (HD -MAP) Technology Michael Junger <i>Australia</i>	Experiences of service women with the care provided by the Netherlands armed forces for women's health issues Mohan Versteegen <i>Nederland</i>	
1635					
1640		International Consensus for Minimum Common Data Elements for Tracking and Reporting Musculoskeletal Injuries in Military Settings: A Delphi Consensus Study Daniel Rhon <i>United States</i>	A Live-Cell, Non-Radioactive and Cost-Effective Technique for Determining Receptor Binding Affinity for Drugs and Compounds of Defence Interest David Mawdsley <i>Australia</i>	Targeted Public Health Interventions to Empower Women in Developing Nations Amanda Plant <i>Australia</i>	
1645					
1650		Externally validated machine learning algorithm accurately predicts medial tibial stress syndrome in military trainees: a multi-cohort study Phil Newman <i>Australia</i>	The Use of Antibiotics as Pre-Exposure Medical Countermeasures Against Biopathogens of Operational Significance Katherine Clay <i>United Kingdom</i>		
1655					
1700					

WEDNESDAY						
0800-1700	Registration opens Pick up your name badge during these hours. With thanks to  Don't forget to pick up the delegate gift. While stocks last. With thanks to 				Foyer of Great Halls	
0800-1600	Barista carts available at the exhibition hall. With thanks to  Australian Veteran Health Services  					
0800-1700	Speakers room opens				M10	
0800-1700	Prayer room opens				M7&8	
1030-1615	Exhibition opens Looking for a space to take relax and catch up with peers, visit the At Ease Lounge. With thanks to  Watch the sessions in Great Halls 1&2 at the Plenary Overflow lounge. With thanks to 				Great Halls 3&4	
Download the mobile app to access the program, information about the congress, take part in the exhibition draw and get updates on the go! Details will be made available closer to the date of the congress. With thanks to 						
0800-0845	Keynote				Great Halls 1&2	
	CMDR Roz Connor Deputy Director Research & Analysis Directorate of Navy Culture					
Time	Session 21: Beyond the Firestorm: Expertise in Forward Operations and Burn Trauma Care Great Halls 1&2	Session 22: Fusion Forum: Where Ideas Converge M1	Session 23: Mission Malaria: Prevention and Treatment in Military Health M2	Session 24: Predictors of Mental Health Outcomes in Military Members P3&4	Session 25: Workshop M3	
0900	Do we know what we are doing with burn injury? Anthony Holley <i>Australia</i>	Prevalencia de cáncer de pene como uno de los cánceres urológicos del Hospital Central Militar de México en 10 años Melchor Castro <i>Mexico</i>	Surveillance for Plasmodium Knowlesi and Other Acute Undifferentiated Febrile Illness During Deployments in Remote Forested Regions of Sabah, Malaysia Dawn Weir <i>Singapore</i>	Exploring the enigmatic relation: the interplay of personality traits and proficiency in military training Saurabh Chandrashekhhar Bobdey <i>India</i>	Australian Department of Veterans' Affairs Support of Veteran Mental and Psychosocial Health Jonathan Lane, Leonie Nowland, Fletcher Davies, Catherine Walsh, Anna Colwell <i>Australia</i>	
0905						
0910						
0915	Current surgical strategies in management of burns patients Keith Towsey <i>Australia</i>	Caracteristiques radio-epidemiologiques et anatomo-immunohistochimiques des tumeurs mammaires diagnostiquees chez l'homme en rdc, a propos de 11 cas Gertride Luyeye <i>Congo</i>	Decision Matrix for Return to Duty after a Concussion Kyle East, Brandon Morgan <i>United States</i>	Psychological screening in a military selection context: What works and what doesn't, and how to improve Kylie Tuppin <i>Australia</i>		
0920						
0925						
0930	Burn Surgeons are real...and the military needs more of them! Eleanor Curtis <i>United Arab Emirates</i>	How we provide care to the canine trauma casualty Alexandra Blelich <i>Australia</i>	Malaria morbidity due to Nutrition deficiency in Endemic Zones Western, Kenya Redemptah Yeda <i>Kenya</i>	Predictors of mental health outcomes in military members: Translating findings to practice Jennifer Wild <i>Australia</i>		
0935						
0940						
0945	Won't somebody please think of the endothelium! Targeting endothelial repair in burns, trauma, and sepsis to improve military health outcomes Elissa Milford <i>Australia</i>	Options for using mobile veterinary diagnostic facilities in health care of highly endangered primates in Vietnam Ralph Schönfelder <i>Vietnam</i>	In-Silico Study of Potential Target Proteins of Tafenoquine in Malaria Parasite Plasmodium falciparum Arief Budi Witarto <i>Indonesia</i>	Mental health in military women: Insights from the 2021 Australian population census Katrina Moss <i>Australia</i>		
0950						
0955						
1000	Development of a Two-Tiered Bi-Directional Burn System within the Emirate of Abu Dhabi Eleanor Curtis <i>United Arab Emirates</i>	Spit it Out – A novel saliva-based biosensor to early detect oral cancer in military personnel. Prof Chamindie Punyadeera <i>Australia</i>	Utilization of Ex vivo malaria SYBR Green assay in susceptibility profiles of Plasmodium falciparum with non-falciparum co-infections in Western Kenya Agnes Cherulyot <i>Kenya</i>	A study of treatment preferences for PTSD symptoms: What do ADF members want and why? Zoe Jenkins <i>Australia</i>		
1005						
1010						
1015			Profiling of Kenyan malaria field isolates as candidates for controlled human malaria infection study Agnes Cherulyot <i>Kenya</i>	Post-traumatic stress disorder causes greater neurochemical dysregulation in women than men Prof Carolyn Mountford <i>Australia</i>		
1020			Tafenoquine for Malaria Prevention Geoffrey Dow <i>United States</i>			
1025						
1030						
1035-1105						
1035-1105	Morning Tea				Great Halls 3&4	
Time	Session 26: Cooperative Frontiers: Innovating Military-Civilian Integration for Greater Good Great Halls 1&2	Session 27: Intersecting Horizons: Interdisciplinary Insights M1	Session 28: Fortifying Defenses: Strategies for CBRN Preparedness M2	Session 29: Peak Potential: Human Performance & Strategic Health Promotion P3&4	Session 30: DVA Workshop M3	
1110	A Model for Operational Medical Direction: Physicians and Medics partnered to deliver far forward, pre-hospital medicine in the modern battlefield Bonnie Hartstein <i>United States</i>	Crowd sourced geospatial intelligence as a critical information requirement to forward support operations – military, domestic and regional support Casey Langley <i>Australia</i>	Implementation of the Tunisian Taskforce Against Biological Incidents: A Five Principles Approach Mounir Hagui <i>Tunisia</i>	Influence of personality traits and cognitive ability on 'willingness to quit tobacco' – a longitudinal behavioural intervention study Saravanan Sampoomnam Pape <i>India</i>	Transition from Military to Civilian Health Care – the Australian Context Isaac Seidl, Fletcher Davies, Catherine Walsh, Anna Colwell, Dan Corkery <i>Australia</i>	
1115						
1120

0800-0845	Keynote					Great Halls 1&2
	Professor Nicola Fear <i>Professor of Epidemiology King's College of London</i>					With thanks to 
Time	Session 41: Shared Missions, Common Goals: The Path to Military-Civilian Integration Great Halls 1&2	Session 42: Training for Transformation: Elevating Health Capabilities M1	Session 43: Global Guardians: One Health Challenges and Strategies M2	Session 44: Decoding Distress: The Role of Risk Biomarkers in Mental Health P3&4	Session 45: Musculoskeletal Injury M3	
0900	Health System Security: Leveraging International Military-Civilian Partnerships to Expand Health System Capability and Capacity Erik DeSoucy <i>United Arab Emirates</i>	Strengthening national resilience through structural medico-surgical training and deployed medicine in civilian austere environment: the Belgian way Jean-Charles de Schoutheete <i>Belgium</i>	Using Clinical Epidemiology and Genomics to investigate Cellulitis occurrence in ADF Training Sites, subsequently impacting Antimicrobial Resistance Surveillance and Policy Jessica Chellappah <i>Australia</i>	Mature BDNF serum levels correlate with symptom severity in PTSD from a range of trauma types, including military and childhood Bonnie Quigley <i>Australia</i>	Delivering musculoskeletal injury mitigation interventions: Finding ways to maximise success and ensuring people are the focus Ben Fisher, Julia Carins, Sarah De La Motte, James Bilzon, Debra Hayhurst, Joanne Fallowfield <i>United Kingdom</i>	
0905						
0910	Civilian-Military Collaborations: Lessons from the past and future opportunities Mark Nicholls <i>Australia</i>	Improving Military Trauma Training: The New Advanced Trauma Life Support (ATLS) Provider Program Jonathan Begley <i>Australia</i>	Characterizing Risk at the Poultry-Pig Interface to Strengthen Surveillance for Novel Influenza A Viruses in Lao PDR: A Mixed-Methods Study Huy Nguyen, Noel Cote, Andrew Letizia, Watthana Theppangna, Irina Etobayeva, Jose Garcia <i>Singapore</i>	Affective disorders including depression in Australian Defence Force (ADF) personnel 2002-2023: A systematic review of incidence, prevalence and risk factors Helen Kelsall <i>Australia</i>		
0915						
0920	Enhancing military medicine inter-operability and leadership...through international civilian partnerships Rachel Villacorta <i>United Arab Emirates</i>	Enhancing Military Readiness: The Crucial Role of Comprehensive Medical Training Farah Alzaabi <i>United Arab Emirates</i>	Emergence of "urban scrub typhus" during Monsoon season in an military cantonment and biodiversity hotspot of New Delhi, India Inam Danish Khan <i>India</i>	Data linkage studies on veteran suicidality: A scoping review of the field, knowledge gaps and evidence appraisal Shannon Dias <i>United Kingdom</i>		
0925						
0930	Optimising Military-Civilian Health Partnerships: A Comprehensive Exploration of Delivery Models Katrina Sanders <i>Australia</i>	Building bricks for a Health(y) Workforce: Examination through Capability, Training and Workforce Crystal McLaughlin, Charlotte Weatherall <i>Australia</i>	Surveillance of Arbovirus Infections in Australian Defence Force personnel Pre and Post Deployments Brian Vesely <i>United States</i>	Post-traumatic stress disorder in Australian Defence Personnel 2002-23: A systematic review of incidence, prevalence, risk factors and treatment Karen Walker-Bone <i>Australia</i>		
0935						
0940	Optimizing Defense: A Holistic Approach to Funding a Military Health System via Performance-Based Resourcing Taylor Whitten <i>United States</i>	Virtual versus Manikin simulation, complementary or competition Martijn Boosman, Cheryl Lockhart, Michael Barrie <i>United States</i>	Forecasting Vector-borne Disease Burden in Military and Civilian Populations Adeshina Adekunle <i>Australia</i>	Identifying Psychological Risk through Inflammatory Change Neanne Bennett <i>Australia</i>		
0945						
0950	Strategic Utilization of Military-Civilian Partnerships to Improve Deployment Readiness for Critical Wartime Specialties Brian Gavitt <i>United States</i>	Perceptions of Defence Medical Services personnel regarding the educational attributes of live tissue training in learning to manage trauma casualties Cara Swain <i>United Kingdom</i>	Antimicrobial resistance, antimicrobial stewardship, zoonosis, and one health: the role of samhs Kwena Mathobela <i>South Africa</i>	Sleep and PTSD: a French multicenter study recording sleep under ecological conditions in military service members with post-traumatic stress disorder Emeric Saguin <i>France</i>		
0955						
1000	Optimising Health Response through Military and Civilian Integration: A Unified Approach Katrina Sanders <i>Australia</i>	RAAF Role 2F Ajitha Sugnanam <i>Australia</i>	Critical Incident Mental Health response in the Australian Defence Force: a case study Alison Causley <i>Australia</i>	Biomarkers for detection of depression Shang Cong Lim <i>Singapore</i>		
1005						
1010	RAAF Role 2F Ajitha Sugnanam <i>Australia</i>	Perceptions of Defence Medical Services personnel regarding the educational attributes of live tissue training in learning to manage trauma casualties Cara Swain <i>United Kingdom</i>	Antimicrobial resistance, antimicrobial stewardship, zoonosis, and one health: the role of samhs Kwena Mathobela <i>South Africa</i>	Sleep and PTSD: a French multicenter study recording sleep under ecological conditions in military service members with post-traumatic stress disorder Emeric Saguin <i>France</i>		
1015						
1020	Optimising Health Response through Military and Civilian Integration: A Unified Approach Katrina Sanders <i>Australia</i>	RAAF Role 2F Ajitha Sugnanam <i>Australia</i>	Critical Incident Mental Health response in the Australian Defence Force: a case study Alison Causley <i>Australia</i>	Biomarkers for detection of depression Shang Cong Lim <i>Singapore</i>		
1025						
1030	RAAF Role 2F Ajitha Sugnanam <i>Australia</i>	Perceptions of Defence Medical Services personnel regarding the educational attributes of live tissue training in learning to manage trauma casualties Cara Swain <i>United Kingdom</i>	Antimicrobial resistance, antimicrobial stewardship, zoonosis, and one health: the role of samhs Kwena Mathobela <i>South Africa</i>	Sleep and PTSD: a French multicenter study recording sleep under ecological conditions in military service members with post-traumatic stress disorder Emeric Saguin <i>France</i>		
1035-1105						
1035-1105	Morning Tea				Great Halls 3&4	
Time	Session 46: Frontline Readiness: The Art of Health Planning in Combat Zones Great Halls 1&2	Session 47: Keeping the Force Moving: Essentials of Musculoskeletal Prevention M1	Session 48: Planet and People: Environmental & Humanitarian Health M2	Session 49: Beyond the Battlefield: Pharmacological Insights into Military Mental Health Care P3&4	Session 50 M3	
1110	Leveraging Medical Red Teams to Provide Critical Analysis of Combat Casualty Care Planning Brian Gavitt, Leslie Wood <i>United States</i>	Bone-Targeted Pre-training Reduces Musculoskeletal Injury and Associated Costs in Australian Army Recruit Training: The PREFIT Study Belinda Beck <i>Australia</i>	A mixed-methods KAP survey of internally displaced persons, returnees and host communities in four counties in Jonglei State, South Sudan Lynn Lieberman Lawry <i>United States</i>	Pharmacoguided prescription of antidepressants in the military: can genetics revolutionize clinical practice? Emeric Saguin <i>France</i>	Military Healthcare Ethics Workshop Martin Bricknell, Fredrick Lough, Michael Reade, Charles Beardmore, Daniel Messelken <i>United Kingdom</i>	
1115						
1120	Putting the Role 2 back on the table Christopher Sylvia <i>Australia</i>	Carry On Soldier: A historical and contemporary look at soldier load carriage injuries, conditioning, reconditioning and risk management Robin Orr <i>Australia</i>	Ketamine for treatment-resistant post-traumatic stress disorder: who benefits and how can we tell beforehand Xuan Vinh To <i>Australia</i>			
1125						
1130	Generating Capacity through the raising of the 2nd Health Brigade Elizabeth Anderson, Nathan Grumley <i>Australia</i>	Generating Resilience to Injuries through Training (GRIT) – Reducing MSKI in Artillery Troop Commanders with Standardized progressive training Tara Reilly <i>Canada</i>	Assessment of water quality prior and after decontamination under field conditions Lander Vieren <i>Belgium</i>	Emerging and adjunct treatments for PTSD and common mental health conditions affecting veterans: a rapid evidence assessment Jie Hu <i>Australia</i>		
1135						
1140	Beyond HOSPEX: Implementing a new framework for assurance of health capabilities within 2nd Health Brigade Anthony Chambers <i>United States</i>	The effectiveness of standardized physical training programs to reduce musculoskeletal injuries in Canadian Armed Forces combat arms developmental courses Hans Christian Tingelstad <i>Canada</i>	Strategic health impacts of climate change on ADF personnel and operations throughout Australia and the Pacific Nathan George <i>Australia</i>	Neuropsychology Findings in Veterans Reporting Cognitive decline: a descriptive report from a Veterans' Health Centre Patrick Arulanandam <i>Australia</i>		
1145						
1150	Targeting medical establishments in warfare,Jus in bello perspective reevaluation in modern military operations Narender Singh <i>India</i>	Lower Limb Injury Prevention in the New Zealand Army through Targeted Foot Wear Investigation Jacques Rousseau <i>New Zealand</i>	A mixed-methods KAP study of nutrition, and WASH among IDPs, returnees, and host community members in Jonglei State, South Sudan Lynn Lieberman Lawry <i>United States</i>	Emerging and adjunct treatments for PTSD and common mental health conditions affecting veterans: a rapid evidence assessment Jie Hu <i>Australia</i>		
1155						
1200	Developing the US Army Combat Medic to support the needs of the modern battlefield Nadia Pearson, Bonnie Hartstein <i>United States</i>	Advancing deployable neurotechnology for rapid pain relief, mental health & life support in military medicine Trung Ngo <i>Australia</i>	Strategic health impacts of climate change on ADF personnel and operations throughout Australia and the Pacific Nathan George <i>Australia</i>	Neuropsychology Findings in Veterans Reporting Cognitive decline: a descriptive report from a Veterans' Health Centre Patrick Arulanandam <i>Australia</i>		
1205						
1210	Targeting medical establishments in warfare,Jus in bello perspective reevaluation in modern military operations Narender Singh <i>India</i>	Lower Limb Injury Prevention in the New Zealand Army through Targeted Foot Wear Investigation Jacques Rousseau <i>New Zealand</i>	A mixed-methods KAP study of nutrition, and WASH among IDPs, returnees, and host community members in Jonglei State, South Sudan Lynn Lieberman Lawry <i>United States</i>	Emerging and adjunct treatments for PTSD and common mental health conditions affecting veterans: a rapid evidence assessment Jie Hu <i>Australia</i>		
1215						
1220	Developing the US Army Combat Medic to support the needs of the modern battlefield Nadia Pearson, Bonnie Hartstein <i>United States</i>	Advancing deployable neurotechnology for rapid pain relief, mental health & life support in military medicine Trung Ngo <i>Australia</i>	Strategic health impacts of climate change on ADF personnel and operations throughout Australia and the Pacific Nathan George <i>Australia</i>	Neuropsychology Findings in Veterans Reporting Cognitive decline: a descriptive report from a Veterans' Health Centre Patrick Arulanandam <i>Australia</i>		
1225						
1230	Targeting medical establishments in warfare,Jus in bello perspective reevaluation in modern military operations Narender Singh <i>India</i>	Lower Limb Injury Prevention in the New Zealand Army through Targeted Foot Wear Investigation Jacques Rousseau <i>New Zealand</i>	A mixed-methods KAP study of nutrition, and WASH among IDPs, returnees, and host community members in Jonglei State, South Sudan Lynn Lieberman Lawry <i>United States</i>	Emerging and adjunct treatments for PTSD and common mental health conditions affecting veterans: a rapid evidence assessment Jie Hu <i>Australia</i>		
1235						
1245-1345	Lunch					Great Halls 3&4
1330-1600	General Assembly (by invite only M4)					
Time	Session 51: Saving Lives in the Shadow of Combat Great Halls 1&2	Session 52: Fortified Frameworks: Strategies for Musculoskeletal Health in Service Members M1	Session 53 M2	Session 54: Mental health, Well-being & Polypharmacy : A Cultural Lens P3&4	Session 55: Ethics M3	
1350	Australian perspectives on providing neurosurgical care in austere environments Andrew Davidson <i>Australia</i>	Comparative Analysis Between Functional Movement Screening Sum Scores and Y-Balance Test Scores for Predicting Injury Incidence in Military Cadets Zulfan Farhi, Ahmad Dzulkhairi Awang Haji Mail <i>Brunei Darussalam</i>	Brazilian Army Health System – Challenges of a Continental Country Luis Gustavo de Oliveira <i>Brazil</i>	Shaping Health and Wellbeing: The Australian Defence Force's Strategic Approach to Minimising Alcohol Related Harm Lucas Liew, Kylie Druett <i>Australia</i>	Military Healthcare Ethics Workshop Martin Bricknell, Fredrick Lough, Michael Reade, Charles Beardmore, Daniel Messelken <i>United Kingdom</i>	
1355						
1400	Longitudinal Investigation of Brain Imaging in Explosive Breachers Following Low-Level Blast Exposure Xuan Vinh To <i>Australia</i>	Clinical observation on the effect of Awn-needle method for the treatment of lumbar and dorsal myofascitis caused by military training Mingshun Zhang <i>China</i>	Improving veteran health through optimizing safe use of medications: An overview of the Veteran Quality Use of Medicines research program Rebecca Mellor <i>Australia</i>	Systematic Review and Meta-analysis of Prevalence and Factors Associated with Polypharmacy in Military Populations Sanket Raut <i>Australia</i>		
1405						
1410	Grenade Explosion Leading to Penetrative Brain Trauma and Demise of Three Children during High Altitude Counter Insurgency Operations Inam Danish Khan <i>India</i>	Functional Movement Screen Scores and aerobic exercise capacity among Army recruits Jing Yang, Lin Chen <i>China</i>	The challenges of establishing and maintaining health workforce governance John Salter <i>Australia</i>	Understanding first responses to suicide crisis situations among current and ex-serving members of the Australian Defence Force: Prevalence of polypharmacy Carla Meurk, Andrew Khoo <i>Australia</i>		
1415						
1420	Timeline Effects of Tourniquets in Trauma Britney Pascoe <i>Australia</i>	Gender-specific Strength Training Improves Components of Military Fitness in Female Soldiers Jacques Rousseau <i>New Zealand</i>	Novel medicines – integrating the health effects and health logistics? Samantha Warren <i>Australia</i>	Suicide and suicidality in Australian defence force veterans: findings of a systematic scoping review Csongor Oltvolgyi <i>Australia</i>		
1425						
1430	Saving Lives in the Shadow of Combat Philip Antippa <i>Australia</i>	Metaprevention: Can we lessen the negative consequences of primary healthcare successes? Phil Moreland <i>Australia</i>	The challenges of establishing and maintaining health workforce governance John Salter <i>Australia</i>	Responses to suicide crisis situations in current and ex-serving members of the ADF: prescribing and polypharmacy among veterans with PTSD Jonathan Lane <i>Australia</i>		
1435						
1440	Timeline Effects of Tourniquets in Trauma Britney Pascoe <i>Australia</i>	Gender-specific Strength Training Improves Components of Military Fitness in Female Soldiers Jacques Rousseau <i>New Zealand</i>	Novel medicines – integrating the health effects and health logistics? Samantha Warren <i>Australia</i>	Suicide and suicidality in Australian defence force veterans: findings of a systematic scoping review Csongor Oltvolgyi <i>Australia</i>		
1445						
1450	Saving Lives in the Shadow of Combat Philip Antippa <i>Australia</i>	Metaprevention: Can we lessen the negative consequences of primary healthcare successes? Phil Moreland <i>Australia</i>	The challenges of establishing and maintaining health workforce governance John Salter <i>Australia</i>	Suicide and suicidality in Australian defence force veterans: findings of a systematic scoping review Csongor Oltvolgyi <i>Australia</i>		
1455

Phil Moreland <i>Australia</i>	The challenges of establishing and maintaining health workforce governance John Salter <i>Australia</i>	Suicide and suicidality in Australian defence force veterans: findings of a systematic scoping review Csongor Oltvolgyi <i>Australia</i>		
1515						
1520	Poster Session					
1545-1615	Afternoon tea					Great Halls 3&4
Time	Session 56: Beyond the Battlefield: Navigating Veteran Transition and Support Great Halls 1&2	Session 57: Resilient Warriors: Addressing Musculoskeletal Injuries in the Armed Forces M1	Session 58: Frameworks of Well-Being: Navigating Health Systems and Governance M2	Session 59: Suicide: From Statistics to solutions P3&4	Session 60: Health Systems IT Workshop M3	
1620	Current Models of Blood Product Management in an Austere Maritime Environment Scott Squires <i>Australia</i>	Feasibility and Impact of Adding Diagnostic Musculoskeletal Ultrasound to Forward Deployed Physical Therapists Jon Umlauf, Scott Grogan <i>United States</i>	Brazilian Army Health System – Challenges of a Continental Country Luis Gustavo de Oliveira <i>Brazil</i>	Wingman Connect: Upstream Suicide Prevention and Resilience for US Air Force Personnel Anthony Pisani, Peter Wyman, Christoffer Goode <i>United States</i>	Potential to use the International Patient Summary in support of multinational deployments – a proof of concept John Farenden, Mike Bainbridge, Oliver Bartels, Mike Forde, Darrell Duncan <i>United Kingdom</i>	
1625						
1630	Important decision points when establishing a whole blood transfusion program Michael Reade <i>Australia</i>	Association Between Biomechanical Characteristics of the Lower Limb and Injury Incidence in Military Cadet Training Ahmad Dzulkhairi Awang Haji Mail <i>Brunei Darussalam</i>	Changing Military Medical Standards – What are the Implications for the Defence Health Services? Robert Worswick <i>Australia</i>	A Joint Approach to Suicide Prevention for Veterans Caitlin Langford, Catherine Walsh <i>Australia</i>		
1635						
1640	CareFlight Australia and Blood Product Resuscitation in the Pre-Hospital Trauma Setting : Lessons Learnt Paul Hanley <i>Australia</i>	The Prevalence and Incidence of Iron Deficiency and Iron Deficiency Anaemia in Tactical Populations: A Systematic Review Elisa Canetti <i>Australia</i>	The challenges of establishing and maintaining health workforce governance John Salter <i>Australia</i>	Understanding first responses to suicide crises among current and ex-serving members of the Australian defence force: a translational data linkage Ed Heffernan <i>Australia</i>		
1645						
1650	Training to use whole blood to save soldiers' lives Julie Doherty <i>Australia</i>	The Value of Strength as a Predictor of Musculoskeletal Injury in Canadian Armed Forces Basic Infantry Candidates Hans Christian Tingelstad <i>Canada</i>	Novel medicines – integrating the health effects and health logistics? Samantha Warren <i>Australia</i>	Suicide and suicidality in Australian defence force veterans: findings of a systematic scoping review Csongor Oltvolgyi <i>Australia</i>		
1655						
1700	Establishing India's first frozen red blood cell program: assessing the quality control parameters and sharing insights of an enriching experience Amit Pawar <i>India</i>	Risk Factors for Bone Stress Injuries in the Military: A systematic review with meta-analysis Daniel Rhon <i>United States</i>	Re-integration and employability of cancer survivor combatants after treatment into the Indian armed forces – an observational study Sankalp Singh <i>India</i>	Understanding First Responses To Suicide Crisis Situations Among Current And Ex-Serving Members Of The Australian Defence Force: Physical Comorbidities Carla Meurk <i>Australia</i>		
1705						
1710	Comparative analysis of conventional and viscoelastic hemostatic assays, and exploring the role of prothrombin complex concentrates in military trauma Krishna Kumar <i>India</i>	5 year remission of PTSD symptoms with the use of Rivastigmine Stephan Rudzki <i>Australia</i>	Bolstering resilience in peacekeeping: The UN's mental health strategy for uniformed personnel and its digital platform Dr Adarsh Tiwathia <i>United States of America</i>	Suicide Surveillance in Global Military Populations; A Scoping Review Samantha Hodges <i>Australia</i>		
1715						
1900 – 2300	Gala Dinner					Brisbane City Hall
Location: Brisbane City Hall Dress Code: Evening dress or mess uniform The Gala Dinner is the social highlight of the congress. Get dressed and enjoy a 3-course cuisine at the heritage listed City Hall. Built between 1920-1930, the city hall sits in the heart of the city. Let's get together and celebrate yet another successful congress! Click here for more information.						

FRIDAY

0830-1230	Registration Desk Opens	Foyer of M3&4
0830-1200	Speakers Prep Room Opens	M10
0830-1230	Prayer Room Opens	M7&8
0930-1030	Closing Plenary	M3&4
	Renee Wilson Chief Executive Officer Australian War Widows NSW & Gary Wilson	
1030-1100	Morning Tea	Foyer of M3&4
1100-1130	Awards Ceremony	M3&4
1130-1230	Closing ceremony	
1230-1315	Lunch	Foyer of M3&4
